Welcome parents and students to Cunningham Elementary School! Cunningham is known as the “Home of the Comets” and “Kernel Kids”. We are committed to academic excellence and to serving our diverse population with respect and dignity. At Cunningham, all staff members work hard to create a sense of community and a safe school environment.

High academic standards have been established to challenge every child to learn, grow and reach his or her fullest potential. I believe that it takes a team to educate a child and that parents play an important role in the education and learning of their children.

Please take the time to read this handbook that has been prepared to keep you informed on specific topics related to our school.

Welcome to our team!

Governor Signs Official Snack Bill

School Project Becomes Law

JOLIET, IL – Second and third graders from Cunningham Elementary, along with their teacher Miss Fran Hollister, witnessed today Governor Rod R. Blagojevich sign Senate Bill 185 that made their class project, to make popcorn the official snack food of the State of Illinois, become law.

“While the students learned a lesson in civics, we hope that the publicity the children received will spur the production, consumption and passion for popcorn in Illinois even more,” said Governor Blagojevich. Popcorn production in Illinois ranks third in the nation according to the Illinois Statistics Services (ISS).

The most recent statistics from ISS also show that in 1997 Illinois harvested 46,970 acres of the movie-time treat and of all Illinois counties Mason County produced the most popcorn.

The assignment, to learn how the students can make a difference, taught them how to write persuasively and how to use technology for research. Results of their research found that an unadorned, natural version of the popped snack is a healthy alternative to junk food. They also conducted a poll where they discovered that of the 311 citizens surveyed an overwhelming majority – 140 – picked popcorn over potato chips and cookies as the official state snack.

The “Cunningham Kernel Kids,” also experienced first-hand the legislative process when bill sponsor State Senator Larry Walsh (D-Joliet) invited them to watch the vote at the State Capitol.

Popcorn joins the company of the Violet, the State Flower; the Fluorite, the State Mineral; the White-tailed Deer, the State Animal; the Bluegill, the State fish and the Tully Monster, the State Fossil.

Attendance

The School Code of Illinois, (105 ILCS 5/26-1) Chapter 122, Section 26-1, states that:

“Whoever has custody or control of any child between the ages of seven and sixteen years shall cause such child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term.”

It is essential that students attend school on a regular and timely basis. The school can request a doctor's excuse or other documentation for excessive absences. Excessive absence is defined as ten percent of the school year. The school year is made up of one-hundred and eighty days, thus fifteen days can be deemed excessive if the school is not notified or notes for illness/emergencies are not submitted to the office. Fifteen days translates to approximately two days per month.

Three unexcused times a student is tardy equal one day of absence. IT IS THE OBLIGATION OF THE SCHOOL TO REPORT TO THE TRUANCY OFFICE, STUDENTS WHO DO NOT COMPLY WITH THE STATE ATTENDANCE LAWS. THESE LAWS DIRECT PARENTS TO HAVE THEIR CHILDREN IN SCHOOL ON TIME - ON A DAILY BASIS UNLESS AN EMERGENCY OCCURS.

REPORTING An ABSENCE

- Please call 815-723-0169 between 8:00 a.m. and 9:00 a.m. on the first day of the absence. A note should accompany the child upon returning to school.
- If the school receives no call, the automated system or attendance secretary will contact the parent.
- Parents/guardians must provide and maintain at least one valid current telephone number where they or another responsible adult may be reached in the event of an absence. If you change your number, please notify the school office immediately.
- Any student who has an unexcused absence from school shall not participate in any school activity on that day.
- Upon returning to the student is responsible for contacting the teacher(s) to arrange make-up work

(If the school is unable to make contact, the student will be considered truant and may be reported to the Joliet Public Grade School District 86 Truancy Officer. Repeated occurrences could result in truancy proceedings.)

- If it shall be determined that a pupil is a chronic or habitual truant as defined by Section 26-2a of the Illinois School Code, the pupil will be referred to the Superintendent of the Will County Educational Service Region for further action. *(6-6180)
- Arrival before 10:30 a.m. will be counted as a full day of attendance. Arrival any time after 10:30 a.m. will be counted as a half day of attendance. These guidelines will also be followed in cases where students leave school due to illness or other emergencies.
- Extended vacations are not excused absences; furthermore those missed days will count towards truancy (unexcused absences). Please note the school calendar and schedule vacation dates accordingly.
- When there are frequent or excessive absences parents may be requested to produce a note from the doctor when a student is not in school.
- If your child becomes ill or injured during school hours, parents will be contacted before students can be sent home. Parent or an adult relative listed as the contact person will need to pick-up the student.
- Parents are encouraged to make doctor's appointments outside of the scheduled school hours. Students are to leave school early only in the case of an emergency.

Tardiness

Any student to report to school after 9:05 AM is considered late. Any student late to school must report directly to the office. Parents should accompany the student or send a note explaining the tardiness. Tardiness will make a student ineligible for perfect attendance. A child is tardy if he/she leaves school early.

One Tardy Student:

1. Disrupts the learning environment.
2. Requires more clerical work.
3. Costs teaching time for everyone.

At Cunningham, we do not prepare school lunches. School lunches are ordered every morning at 9:20AM. It is the parent's responsibility to call the school before 9:20 a.m. if a child is going to be late to school in order for a school lunch to be ordered. Students will need to bring a sack lunch if a phone call is not made to the school by 9:20 a.m.

Academic Programs

Curriculum

The M.J. Cunningham curriculum is organized to provide a comprehensive educational program. Students will be provided an educational environment that promotes active participation and student responsibility for learning. Through integration of the curriculum students will learn to apply prior knowledge to new learning experiences. Instruction, based on district and state mandates will include:

RtI

Response to Intervention, RtI, is a multi-tiered model of prevention and intervention which assesses each student to determine if additional support is needed to help the student master grade level skills. Students requiring additional support receive extra time in small group instruction learning strategies to overcome areas of weakness. These learning strategies also become a part of large group instruction. The RtI internal coach will assist teachers in collecting assessment information continuously throughout the year to guide instruction for each student in Reading and Mathematics. Each grade level team comprised of teachers, administrators, and support staff will meet regularly to discuss student progress and tailor instruction. Frequent parent communication will reinforce the importance of active student participation in the learning process. Interventions will be monitored and modified if the student does not experience success additional services will be looked at if needed. (I.e. Special Education)

Program Offerings

M.J. Cunningham offers several programs to supplement its regular curriculum:

Intervention/Special Education Services

At Cunningham, we will follow the guidelines established by Joliet School District 86 Special Services Department when there are academic concerns on students who may be eligible candidates to receive special services.

Technology

Technology is integrated into the curriculum. Students and teachers use technology on a daily basis for instructional purposes. Students are expected to use the technology available to them appropriately. Any misuse of the technology equipment may incur on a disciplinary action as established by the Joliet School District 86. Some of technology programs available to our students are: *Larson's Math, Microsoft Office, Rosetta Stone, Read Naturally, Graph Master, Phonics Express, Graph Club, Kidspiration, Inspiration, Timeliner, and Destination Reading.*

Severe behavioral problems will result in removal from school sports.

Fgh Club – (Fifth Grade Helpers Club) – Student Council

Fifth graders are encouraged to fill-out an application to become a member of the "FGH Club", (Fifth Grade Helper Club) or the Student Council. These fifth graders will become the leaders of the school body by serving in the areas of patrol, safety, mentors, technology aides and lunch helpers for the kindergarten students. Students who follow the behavior expectations of the school and classroom and who are being successful in the classroom are invited to apply.

We welcome visitors to our school. For the safety of all our children and staff, we ask that you call or visit the office in advance in order to set up a date for the visit. All visitors will be escorted by an office staff. All visitors must report to the Main Office upon arrival.

Interruptions During The School Day

Parental interruptions are NOT permitted during school hours. Instructional time is very valuable and DIRUPTIONS must be kept to a minimum. Please let your child know before school how they will be going home. Students will not be called to the office to answer parent phone calls. Parents will have to leave a message with our school secretary.

Classroom/Birthday Parties

In an effort to minimize the interruptions during instructional time, please speak to each individual classroom teacher regarding procedures they have implemented for having classroom parties and bringing in cupcakes for birthdays.

Progress Reports, Report Cards And Conferences

Progress reports will be issued at the mid-term of each quarter. Parents must sign and return the Progress Report for each quarter. It is at this time that parents, teacher, and student can encourage those students who are achieving and seek ways to help those who are struggling.

Report cards are issued four times a year. The report card is one way in which the teacher can report to parents the progress of their child. In addition to report cards, all teachers issue midterm progress reports each grading period which serve as a means of communicating the student's current grading status prior to report cards. Please communicate your concerns with the classroom teacher, if you have any that you feel are not being addressed in the classroom.

Parent Conferences are scheduled twice a year – at the end of the first and third marking periods. Parents will receive report cards at these conferences thus, first and second marking period report cards are not sent home with the students. Parent Conference Night is an ideal time for parents, students, and teachers to discuss how to make the most of the child's education. Please plan to attend both of the Parent Conference sessions.

Honor Roll

An honor roll is posted after each grading period. A student who achieves a grade point average between 3.50 and 4.00 will be placed on the High Honor Roll. Students achieving a GPA of 3.00-3.49 will be placed on the Merit Honor Roll.

weapon or used as a weapon is prohibited and will result in a suspension and/or expulsion proceeding.

Other items are prohibited on school property because they cause a disruption to the educational process. These include (but are not limited to) collector cards – such as Pokeman, games, video games, walkie-talkies, cell phones, radios, MP3 players, Ipods, cameras, excessive amounts of money, valuable jewelry, etc. If your child has any of these items during school hours, the item will be held in the office until dismissal. At that time, you may pick it up from the Main Office.

Unless allowed by the classroom teacher as a reward, candy and gum chewing are prohibited in the classroom and on the school grounds. Please assist us by helping your child understand the need for these expectations.

NOTE: We will not be responsible nor conduct any searches/investigations for any lost expensive items brought to school. It is the parent's responsibility to ensure that children do not bring inappropriate/expensive items to school.

Cell Phones

Students **DO NOT** need their cell phones during learning time or while they are in school. Students that bring cell phones to school will be asked to turn them in the office at the beginning of the day. Students will pick up their cell phones from the office at the end of the day. Students will need to keep their cell phones OFF at all times while in school or school property. If a student needs to call home, they will need to use the office phone. Any student who uses their cell phone during school hours is in violation of our school policy and may be subject to being discipline as outlined in the section Levels Acts of Misconduct.

Breakfast / Lunch Programs

M.J. Cunningham also serves breakfast daily. The program is open to all students. Students may qualify for a free or reduced price, based on the same criteria as the lunch program. Order forms are given to students on Tuesday and must be returned to the office by Friday in order for breakfast to be ordered for the following week.

Lunch

All students may participate in the hot lunch program. However, lunch/breakfast is **free or reduced** in price for students who qualify per district guidelines.

An application form for free/reduced status must be filled out and brought to the school. Forms are sent home at the beginning of the year or upon request. The Free/Reduced lunch application has to be filled out by parents on a yearly basis. Each child must have an approved form in order to be eligible for free or reduced breakfast/lunch.

The Food Service Office at the JFK Center determines and notifies parents of whose children qualify for free/reduced lunch - as determined by the State of Illinois.

A student who **has not been** found eligible to receive a free or reduced lunch will be charged full price. Students who pay full or reduced price will be given a bowl of cereal when the required payment for lunch is not sent to school. Students may also bring a sack lunch at any time. Chocolate or white milk is available for purchasing.

Lunch menus are sent home at the beginning of the month. **Gum, carbonated beverages and energy drinks high in caffeine are not to be brought to school.** No glass containers are allowed.

	<u>Full Price</u>	<u>Reduced Price</u>	
Breakfast	.70	.30	(Breakfast is paid for on a weekly basis.)
Lunch	\$1.00	.40	
Milk	.35		

Parents should plan to pay for lunch until notified by Central Office that a student is Free/Reduced Lunch.

Lunchroom Expectations

Students are encouraged to eat only the food from the lunch provided by the district or the one brought from home. **This is a safety issue due to food allergies and other health issues that make monitoring a child's food intake of dire importance.**

Additionally students should:

- Take their seat quickly and silently.
- Not leave their seat without permission.
- Respond to all adults in a respectful, orderly manner.
- Not talk when the RED Stop Sign/ Level 0 is turned.
- Speak only when the GREEN Go Sign/Level 2 is turned – using a voice level of 1 or 2.

The breakfast, lunch and recess programs are supervised. Students are to show respect for all staff, since their responsibility is to provide a safe and orderly environment. A student will be sent to the office during breakfast/lunch and/or recess, for inappropriate behavior. In extreme cases, a referral will be written to document the incident.

Other arrangements for breakfast/lunch and or recess may be made for students who frequently are sent to the office.

Dress Code

Appropriately dressed, well-groomed students promote pride, respect, and positive attitudes. Such qualities are the basis for creating and maintaining an effective learning environment. - District 86 policies related to clothing, jewelry or accessories state; any clothing, jewelry or accessories that may be considered dangerous to student welfare or interpreted to be gang related may not be worn. **Therefore, boys may not wear earring/earrings to school.**

The dress code for M.J. Cunningham School is in effect every day of the school year and it includes all school related events.

Student Id's

All students will be issued a picture UD card when school pictures are taken. These are to be left at school and not to be taken home. Students are to have these ID cards when they go to lunch. Lost, damaged, or defaced ID cards may be replaced for a cost of \$5.00

Field Trips

All student field trips are pre-approved by the principal and the District's Assistant Superintendent for Curriculum. Transportation is arranged by an approved bus company. Field trips are intended to enhance the district curriculum and offer students unique learning opportunities. Clearly defined expectations will be communicated to students and parents. If needed, parents may be asked to chaperone.

Please note: Students who frequently demonstrate inappropriate behavior at school will not be allowed to attend field trips – at the teacher's and/or administrator's discretion and all monies paid will NOT be refunded.

Health Services

A nurse is on-site daily at M.J. Cunningham School. She may speak with students, teachers and parents regarding health and/or hygiene issues. Students requiring health or first aid services should report to the Main Office for assistance. In the unlikely event that a nurse is not on the premises, a District nurse is always on call for an emergency.

It is the parents' responsibility to inform the school of any medical condition and to provide the appropriate documentation. All parents can assure their child's success at school by providing good nutrition, adequate rest, and cleanliness, medical and dental care.

Please be sure the school registration sheet for your child contains a current emergency phone number.

Medication

During the school day, students are **NOT** to have medication in their possession unless otherwise noted with proper documentation. All medicines, properly labeled by the pharmacy, must be left in the Main Office. Medicines are defined as over-the-counter (aspirin, decongestants, cough drops, etc.), and registered prescription drugs.

We are unable to comply with any requests to administer medication unless both parents and physician have completed the proper forms. These forms include the physician's written order for medication and the parent's request to administer medication at school. You can request this form in the school's Main Office.

No medicine can be dispensed and/ or administered by school personnel until all completed forms are returned; this includes prescriptions, aspirin, cough medicine, inhalers, etc.

Student Injuries

Students report to the office for an injury. The office may only apply ice or a bandage to an injury. Parents will be contacted in the event of a serious injury. An accident report will be completed by the supervising adult. It will be sent home with the child and placed on file.

Accident And Illness

The school will make every effort to inform the parents of any accident or illness occurring at school that may need care or observation from home. Every accident that occurs in the school building, on the school grounds, during any event sponsored by the school must be reported immediately to the person in charge of the activity and to the school office.

Students who become ill at school will be sent home only after a parent or someone at the emergency number on the registration card is contacted. **Therefore, it is very important that the school has valid emergency phone numbers on file.**

Homework

M.J. Cunningham School is committed to the concept that supervised study during each class is productive in terms of time and effort. Homework will supplement and reinforce what has been taught in the classroom. Some students may need additional practice in some skills taught. For others, homework is a means of completing school activities started in class. Students who have fallen behind because of extended absences will also need to complete missed assignments to catch up with the class.

Parents can assist their child by providing a quiet place for study, showing interest and encouraging the students to assume the responsibility for their work. After written homework is completed, follow-up with an adult is suggested.

M.J. Cunningham students receive homework that is appropriate to their age level. Please monitor your child's homework and check to see that assignments are completed and turned in when due. If a student has several missed assignments, the teacher will contact parents to develop a plan designed to promote good study skills and work ethic. Consequences for not completing homework will vary from teacher to teacher.

Learning Agreement

A Learning Agreement has been developed and implemented throughout District 86. The Learning Agreement highlights the responsibilities of teachers, parents, students and administrators for academic success and a positive learning environment. All stakeholders will

be expected to demonstrate their commitment to academic excellence by signing the Learning Agreement. The Learning Agreement will be collected from each student in the fall.

Academic Expectations

ALL STUDENTS at M.J. Cunningham will be required to meet the majority of the District's grade level outcomes in Language Arts and Math. Students are expected to have a minimum overall GPA of 2.0 for promotion to the next grade. Students falling below this expectation will be targeted for various interventions and programs. After school, and other programs with additional support such as "Promotion Monitoring Plan", may be offered to a student that has fallen below expectations. Parents will be notified when their child falls below the academic expectations. Parental support is a vital part of the interventions. In an effort to improve student achievement, Joliet Public Schools District 86 has implemented a promotion and retention policy. This important change is due to low achievement scores and/or poor performance along with the passage of House Bill 452, which prohibits the "social promotion" of students.

Lost And Found

The lost and found service is located in the Multipurpose Room. Articles such as gym clothing, sweaters, hats, gloves, etc., are to be turned in when they are found.* Students who lose their belongings should check before and after school or during the lunch period. The school cannot accept responsibility for lost or stolen articles. The Lost and Found articles are donated to charity at the end of each semester.

It is helpful if articles such as hats, coats and gloves, etc. are marked in such a way that they could readily be identified.

*Eyeglasses that are lost are turned into the Main Office for safe keeping.

Media Release

Occasionally, the local newspaper, radio station or television station may cover an event at school. While doing so, students may be interviewed or photographed. If you want your child to participate in such activities, you must notify sign the Media Release that is sent home at the beginning of the school year. The school will keep the notice on file for the school year. Notification must be updated yearly.

Please note: You must sign the media release for your child's name to appear in the newspaper for student of the month or honor roll.

Money

In the event that money needs to be sent to school, please put it in an envelope with student's name, teacher's name, amount, and purpose for the money. Students are discouraged from bringing large amounts of money to school.

All student fees are assessed to cover the cost of some of the materials and supplies needed during the school year. The \$25 school fees are due at the beginning of each school year. **All school fees must be paid before the end of first quarter.** Fees must be paid before students are allowed to attend field trips.

Recess

During the school year, students will be going outside for recess. All students will go out and are expected to dress appropriately. If your child cannot go out because of recent illness, we must have a note stating why he or she cannot participate in outside recess activities. If a note is not received, the student is expected to participate in outside recess. Students are expected to interact in a way that is safe and socially positive. Students, who demonstrate inappropriate behavior during recess, will be placed in an alternative recess setting at the discretion of the administrator.

Religious Objections

Particular religious beliefs sometimes conflict with state or school policies and procedures. In order for a child to be excused from such policies, a written note stating the religious objection must be on file in the Principal's office and a copy will be given to the classroom teacher.

At Cunningham, students stand and recite the Pledge of Allegiance to the Flag of our country in addition to the Peace Pledge. Various holidays such as Halloween, and Valentine's Day among others are celebrated with small room parties. In order to be excused from these types of social activities, a note must be sent to notify the teacher and administrators.

Safety

Children are not to be on school grounds until the entry time of 8:45 a.m. Students enrolled in the breakfast program arrive at 8:30 a.m.

Walkers to and from School – Parents are encouraged to review common safety rules for their children who walk to and from school. Children should use the sidewalks whenever possible, cross at corners only using the cross walks, walk facing the oncoming traffic, obey school staff members and go straight to their destination without stopping to play.

Students that do not participate in the breakfast program should not arrive at school before 8:45 a.m.

When students enter the school, they are to proceed immediately to their designated areas where they will read a book until 9:00 a.m. All waiting areas are supervised by staff members from 8:45-9:00 a.m. This provides for a safe and orderly start of the school day. Any student who arrives at school after 9:00 a.m. will be required to report to the office.

Transported Children – Parents can help children grow in good safety habits by dropping off and picking up children on the designated areas only. Children should exit and enter cars from the curb side. Please respect students who are walking and crossing the street.

Please note: Drivers are **NOT** to pull around stopped cars or busses when dropping off or picking up children. Drivers are **NOT** to use a hand-held cell phone on streets surrounding the school building.

Students that are not transported by bus or do not walk should be picked up at dismissal time, 3:10 p.m. If for any reason a student's transportation will be late, the parent should call the office staff prior to dismissal.

Parents MUST pick-up their children on time.

However, if a student remains at the school after dismissal and the office has not been notified of a late pick-up, the student will be allowed to use the phone or ask office staff to contact someone on the emergency contact form. If a parent fails to pick-up his/her child on a timely basis, the proper authorities will be notified.

For safety and security reasons, prior written or verbal consent from the custodial parent/guardian is required before a student is released from school at anytime other than the regular dismissal times.

Playground – Children may not cross the street to chase a ball or other object, or to play, without the permission of the adult supervisor. Playground equipment is available for their enjoyment but must be properly utilized. Caution should be exercised when using balls, ropes and other playground equipment. Students are not to bring balls or equipment to school.

In general, all students must be in supervised areas at all times. No student is permitted to do anything that is harmful to them, to others, or to school property at any time. We are concerned about the safety of children and need the support of all parents in teaching safety habits.

Disaster Drills

During the course of the year, disaster drills are conducted for fire and tornado safety. Information is posted in each classroom and the students are instructed as to procedures.

During ***Fire Prevention Week***, the Joliet Fire Department conducts a fire drill and presents a program of fire safety to the students.

Cunningham School is equipped with a special emergency receiver to receive direct communication from the State Police Headquarters in the event of tornado, heavy windstorm or other natural emergencies.

School Closings

The Joliet School District 86 will launch an automated phone message informing parents of any school closing due to severe weather. Parents must keep updated contact information with the school. When weather conditions are such of a severe nature that schools must be closed, local radio stations will carry the announcements to inform parents, teachers, and students. Listen to WJOL, (1340 AM), WLLI (96.7 FM), or WCCQ (98 FM).

Please do not call the school for this information, please listen to your local radio station.

School Fees

Textbooks are furnished by the school district. Students are expected to purchase all other supplies needed such as: paper, pencils, pens, erasers, rulers, crayons, and scissors. All students will be given a supply list at the beginning of the school year. A fee is collected from each student to pay for workbooks.

The office is open from 8:00 a.m. to 4:00 p.m. every day. Fees for Kindergarten and grades 1-5 are \$25.00. The students will receive a fee envelope on the first day of school. You may pay your child's fees with cash or a check. All fees must be paid before the end of first quarter – **October 2, 2011.**

Please note: If your child transfers to another school, all fees must be paid before records can be released. Also, fees must be paid before students will be allowed to go on any field trips.

Student Planners

All students are issued a M.J. Cunningham Planner at the beginning of the school year to help organize assignments and send communication to parents. There is no charge for the student planner however replacement of the student planner will cost \$5.00.

School Insurance

Student insurance is made available through a group insurance plan and is optional to all students. If you want the accident insurance, please fill out the form that is sent home. Make checks payable to the name indicated in the instructions.

Pictures

Student pictures will be taken early in the fall and spring. The students may purchase these pictures on the day they are taken. All students will have his/her picture taken whether or not pictures are purchased.

Solicitation By Students

Students are not to buy or sell items from other students or staff during the school day or on the school grounds. Again, students are discouraged from carrying large amounts of money to school. This helps to keep the children focused on their learning and helps to prevent the possession of contraband (items not permitted at school).

Textbooks

The school furnishes books and supplementary materials for instructional purposes to all students. This is done with the hope that this major investment will be properly safeguarded. Teachers only issue textbooks that meet the guidelines of “acceptable condition” as set forth by the teacher and the administration.

Students are responsible for their books. If a book is damaged or lost, students will need to pay the amount necessary to replace the book. Reasonable damage is expected as a result of daily use; however, unreasonable damage to textbooks must be paid for immediately. The fines must be paid in the Main Office.

Office Telephone

Students may use the office telephone for emergency calls only. Forgotten homework, band instruments, money or permission slips for field trips, or after school arrangements are not considered emergencies. Please communicate with your child regarding sports schedules and after-school programs prior to the date of the event. This will help us keep the telephone lines open. We appreciate your cooperation.

Student Records

The Board of School Inspectors of the Joliet Public Schools District 86 operates under policies designated to guarantee the rights of students and parents regarding student records. Although legal distinctions are made between permanent and temporary records, you can obtain access to all of your child's records by simply contacting the school principal. Below is a list of some of the most important rights that you, as a parent, have under state and federal laws and board policies. For a complete list of your rights, contact your principal to see the copies of the state laws or board policies that are kept in each building.

PARENTS HAVE THE RIGHT TO:

- Inspect and copy any and all information contained in the student record. There will be a small charge for copies.
- Challenge the contents of the records, by notifying the principal or records' custodian of an objection to information contained in the records.
- Inspect and challenge information to be transferred to another school district in the event of a move to another school district.

Local, State, and Federal education officials have access to student records for educational and administrative purposes without parental consent. Pursuant to a court order or a subpoena, or in connection with an emergency where the records are needed by law enforcement or medical officials to meet a threat to the health or safety of the student or other persons, records will be released without parental permission. All other releases of information require written consent of the parent of the eligible student.

The following items are public information and shall be released to the general public, unless parents request to the building principal that any or all such information not be released:

- student's name,
- student's address,
- grade level,
- birth date and place,
- parents' names and addresses,
- information on participation in school sponsored activities and
- period of attendance in the school.

Vandalism

Any pupil who shall willfully or negligently damage or destroy any school property, or the property of any other pupil shall be liable for damages and subject to disciplinary action according to the nature of the offense. The principal may suspend a pupil for such offense, and/or report the offense to the legal authorities for prosecution. Parents will be held financially responsible for the damage that their children have caused. The cost of repair or replacement of damaged articles will be made known to the parents. This destruction of property includes but is not limited to, textbooks, classroom resources and PE equipment. Parents are required to make restitution for all damages.

Physical Assault

When a physical assault occurs against a school employee, the employed has the right to reasonably defend one's self and obtain assistance. The principal will be notified of the attack immediately and will in turn notify the Police, parents, and Superintendent.

Willful injury or threat of injury may result in a suspension of up to ten days. The police, parents, and superintendent will be notified if the situation warrants.

Any trespasser or intruder entering the building with the intent to injure or cause injury to a student or school employee will be reported to the police immediately. The superintendent will be notified.

Vision And Hearing Testing

Vision and Hearing testing will be done, as mandated by the State of Illinois, for the following students this school year:

**Vision: Kindergarten, 2nd, & Special Education
Hearing: Kindergarten, 1st, 2nd, 3rd, & Special Education**

Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision and hearing screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous twelve months and that evaluation is on file at the school.

Vision and screening is not an option. If a vision or hearing examination report is not on file at the school for your child and your child is in the mandated group, he/she will be screened this school year.

Rule Of Jurisdiction

The jurisdiction of the school for student conduct includes all of the following: the transportation of students to and from school, whether by school bus, by car, or by walking; the presence and actions of students on campus during the school day and after school activities; and the school-sanctioned activities that occur both on and off campus. The school staff will diligently manage and supervise student conduct in all programs, maintaining the confidence of students, parents, and the community. Inappropriate conduct within this jurisdiction may result in school consequences.

Rights Reserved Statement

The provisions of this publication are not to be regarded as an irrevocable contract. This administration reserves the rights to modify, revoke, or add to any or all regulations at any time.

Transportation /School Bus

In cases of gross disobedience or misconduct by a student who rides the school bus, privileges to continue to ride the bus may be suspended. Parents of bus students must read, sign, and return the behavior contract for bus students located in the back of the handbook.

During the period of suspension, it is the responsibility of the parent or guardian to transport the student to school. Just cause for denial of bus riding privileges include:

- 1. Repeated/willful disobedience of directives by the bus driver.**
- 2. Such behavior as the administration deems to threaten the safe operation of the bus and/or its occupants.**
- 3. Willful and/or repeated defacement of the bus.**
- 4. Repeated use of profanity in the presence of the bus driver or other riders.**
- 5. Possession of a dangerous or potentially dangerous weapon.**

Appropriate bus conduct is required. If student's behavior is not appropriate or presents a threat to safely transporting children to and from school they will receive a bus referral, which is processed by the school. (Please see a copy of this referral in Appendix A.)

Repeated bus referrals may result in the total loss of transportation privileges.

Parent Teacher Organization

Do you enjoy seeing the children? Do you like when the joys of holidays are near? Does a child's happy face bring you cheer? Would you like to take a trip to the zoo, a pumpkin patch, a nearby play, or share a story or two in the classroom? Maybe your talent is technology, or you would like to help the teacher in the classroom. If you answered yes to any of these questions, we extend an invitation to you to join the Parent Teacher Organization (PTO).

In our meetings we announce upcoming events, plan to raise funds, celebrate the holidays, and brainstorm new ideas. We also work with the school staff to provide for the well-being of the children of our community. We would enjoy having you work with us for this upcoming school year.

We'll see you soon!

M.J. Cunningham School - Discipline Policy

Good discipline is necessary in order for learning to take place. It is important that all students abide by school policies in order to maintain the caring, educational and safe atmosphere at M.J. Cunningham.

Students are expected to demonstrate good behavior on a consistent basis. They are to show respectful and cooperative behavior toward adults and fellow students, and they are always expected to respect the rights of others.

Students who knowingly and willfully disrupt the educational process, break established school or teacher rules, fail to do schoolwork and/or violate the rights of others will be subject to disciplinary action based upon the severity of the infraction. Possible consequences are as follows:

Loss Of Privileges

May include but are not limited to failure to participate in school events, assemblies, field trips, etc. as determined by the classroom teacher or administrator.

5th Graders Privileges

During the 3rd quarter the fifth grade students will be looking forward to many different events prior to promotion. 5th grade promotion is a time of celebration and joy for all. There are many special activities that will take place to celebrate the culmination of their elementary school experience. This is both an honor and a privilege to participate in any end of the year events such as field trips, fun activities, etc. In order to participate students are required to meet the following expectations both academically and behaviorally:

- Cumulative grade point average of 2.0
- Demonstrate acceptable school behavior
- Paid all school fees and outstanding obligations
- No referrals for the last two quarters of the year.

It is our expectation that all 5th graders participate in the promotion ceremony.

Detention

Students may be detained after school for disciplinary and counseling purposes. When this is necessary, at least one-day (or more) notice will be given in order that the parents may make arrangements for the student's transportation.

Students who are continually tardy to school in the morning may receive a lunch detention. This detention will be served during lunch on the day that the student is tardy.

In-School Suspension

Student is placed in a designated classroom for the day. The student's teacher will provide the student with the classroom assignment for the day.

Suspension/Expulsion

Serious offenses may result in immediate suspension. Gross disrespect, serious misconduct, fighting, vandalism, contraband, gang-related activities, and dangerous possession of objects are grounds for suspension items, (see Acts of Misconduct and Consequences).

Classroom Discipline Is Best Handled By The Teacher

Teachers will make every attempt to contact you to discuss inappropriate behavior and a plan for improvement when a student's behavior does not improve after classroom procedures have been put into place. For instance, teachers may elect to withhold privileges (recess, parties, programs, field trips, etc.) or assign a detention as a disciplinary technique. Parents will be notified prior to the detention date, and must arrange for transportation following the detention.

Grade level/teachers reserve the right to inform parents of changes in discipline procedures throughout the school year as the need arises

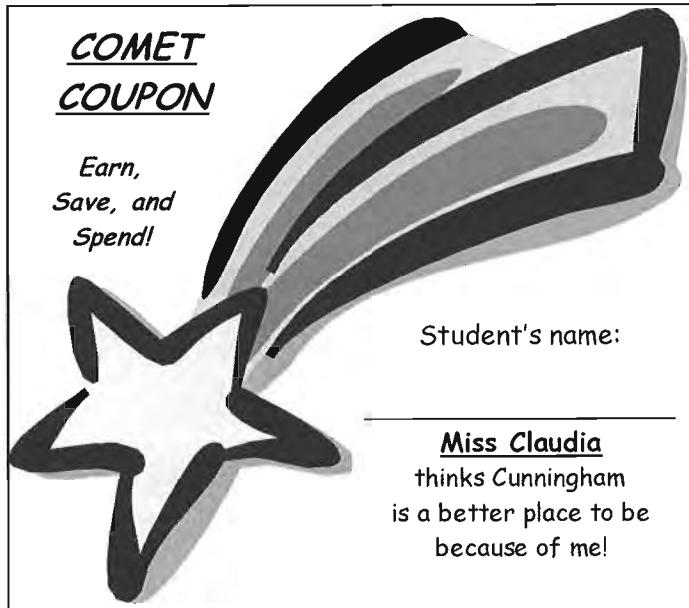

Saturday School

Students will be assigned Saturday School if misbehavior escalates after a conference with parents and three classroom detentions.

Dear District 86 Families:

Welcome to the 2011-2012 school year. As the new superintendent, I am excited about the opportunity to serve Joliet Public Schools. Meanwhile I hope your summer was enjoyable and your child is ready for the start of a great school year.

The information contained in this handbook is designed to help you and your child clearly understand the procedures and expectations required by District 86. I urge you and your family to thoroughly review the handbook and keep it accessible for future reference. In addition, please remind your child to demonstrate appropriate behaviors at school at all times.

District 86 encourages open, two-way communications between home and school. We hope you will find this handbook a good resource. You are always welcome to talk with your child's teachers, school principal, or contact me as questions arise in the months ahead.

I look forward to getting to know its residents and working with our teachers, students, and parents. Have a great school year.

Sincerely,

Charles E. Coleman, Ed.D.

INTRODUCTION

Welcome to District 86 and the 2011-2012 school year! The Board of School Inspectors is dedicated to providing all students with an exceptional instructional program of the highest quality. We want to provide our students with a safe and orderly learning environment in which staff hold high expectations for student learning while promoting mutual respect, trust, and cooperation. We realize that such a learning environment must be established on a strong base of expectations for student, staff, and parent behavior.

This handbook provides our district established discipline procedures which are based upon Board policy. In this handbook we have outlined the rights and responsibilities of our students, parents, teachers, and administrative staff, along with our levels of misconduct and district consequences when inappropriate behavior is demonstrated by a student. In addition, we have included a wealth of information for you in regard to student welfare and the procedures that protect the rights and well-being of students.

Please read through the District Handbook with your student. It is important that parents and children are aware of district expectations with regard to behavior along with the consequences for inappropriate behavior. Again, we are committed to providing all children with a safe and orderly environment in which they can learn and grow and we appreciate your support in helping us make that possible.

PRO-ACTIVE APPROACH TO STUDENT DISCIPLINE

In accordance with Joliet Public Schools District 86 and the Board of School Inspectors' belief in each student's right to a safe and orderly educational environment, disciplinary efforts of all District employees shall be directed toward helping students develop responsible attitudes and behavior. When the rights and privileges of others have been abridged, the educational processes interfered with or illegal acts committed, school policy dictates that certain consequences be promptly applied. In order to communicate discipline policies Joliet Public Schools District 86 has established Acts of Misconduct and subsequent consequences to violation of these infractions.

District 86 Board of School Inspectors and/or their designee reserve the right to administer appropriate disciplinary consequences in severe and unusual circumstances. All elementary and junior high schools within Joliet Public Schools District 86 shall establish individual school-wide and classroom based discipline plans. These individual discipline plans should be geared toward cultural diversity within the school and incorporate positive behavior intervention supports.

Discipline is a shared responsibility of the school district, community, parents and students. The school, by example, must foster those democratic ideals upon which our nation is founded and in doing so, respect the rights of all concerned. The following outlines the rights and responsibilities of all members of our educational community.

Due Process

All students have certain procedural rights when they are in jeopardy of losing their right to attend school. These rights include an informal meeting, at school level, in which the reasons for the proposed disciplinary action are explained and they are given the right to respond. This may include a right to a hearing before the Board of School Inspectors or a hearing officer appointed by the Board of School Inspectors.

Student Suspension

When a student exhibits gross disobedience or misconduct, suspension will be enforced for a period of up to ten (10) days. The following procedures will be followed in accordance with the State School Code and Joliet Public Schools District 86 policy:

1. The principal will inform the student of the suspension, giving reason for the suspension and letting the student present his/her side of the matter.
2. Parents will be notified and given the reason for the suspension and notified of their right to a hearing to review the matter.
3. In cases where a hearing is held, it shall be before the Board of School Inspectors or a hearing officer appointed by the Board of School Inspectors.
4. Upon consideration of the facts, the Board shall take whatever action it deems appropriate in the matter. Final action shall be taken in public session.
5. Parents are requested to accompany the student to school when the student is readmitted.
6. Under state law, students who receive special education services cannot be suspended for behavior related to their disability unless such behavior is dangerous to the student or others or is destructive to property. Parents should contact Joliet Public Schools District 86 Department of Special Services for a copy of "A Parent's Guide: The Educational Rights of Students With Disabilities".

Infractions that result in suspension can be located under the Acts of Misconduct and Consequences section.

Expulsion

When a student commits a serious act of misconduct or repeated instances of misconduct a referral for an expulsion hearing will be made. A student can be expelled for a period up to two years if appropriate procedures are followed. Procedures for expulsion are as follows:

1. Parents will be called by the principal and notified in writing by the superintendent of the reason for the expulsion hearing, the time and place of the expulsion hearing, their right to counsel or other representation and other arrangements and procedures.
2. A hearing officer appointed by the Board of School Inspectors will conduct the hearing that

- involves the school administrator, parent, and student and, if necessary, the Director of Special Education and other parties involved. At this hearing, evidence is presented and all participants can respond to the act of misconduct.
3. The hearing officer presents the facts of the case to the Board of School Inspectors with a recommendation.
 4. The Board shall discuss and reach a decision on the matter in executive session but final action by the Board shall be taken in public session.
 5. The parent and school administration will be called and notified in writing of the action taken by the Board of School Inspectors.

Alternative Education Placement

Referrals for Alternative Education Placement can be made for the following actions:

- **Expulsion** – Students who have committed a serious act of misconduct and the decision of the Board was expulsion from the public school setting.
- **Administrative Transfer** – For students who have exhibited an increasing need for anger management skills, aggressive behavior and recurring conflicts with peers and school staff. These students also cause continuous disruptions to the orderly educational process though interventions have been put in place. Administrative Transfers' placement length is for ten (10) days. If the student's behavior does not improve upon returning to the school, additional days of placement will be determined on an individual basis. This is not a Special Education Placement.
- **Termination From Another Alternative Education Program** – For students who will be referred to the District 86 Alternative Program. Their placement length will be determined after reviewing their behavior.

Behavioral Interventions Procedures for Students with Disabilities

It is the purpose of Joliet Public Schools District 86 to communicate the procedures for the use of behavioral interventions for students with disabilities under Board Policy 7:230. All of the procedural protection available to students with disabilities and their parents under the Individuals with Disability Education Act (IDEA), including notice and consent, opportunity to participate in meetings, and the right to appeal, shall be observed when implementing and/or developing behavioral interventions.

If the student's behavior is not a manifestation of the student's disability, the discipline policy of District 86 will be enforced. If the student's behavior is a manifestation of their disability, the current special education placement, disability and IEP will be reconsidered. If a special education student is expelled or referred for a period of forty-five (45) days, the alternative education program will provide services to address the behavior of the misconduct.

Behavior Interventions

The use of positive behavior interventions is consistent with the educational goals of enhancing a student's academic, social-emotional and personal growth. The fundamental principle is that behavior change techniques designed to develop and strengthen desirable behavior shall be used to the maximum extent possible and are preferable to the use of behavior control techniques.

Behavior Change Interventions

Behavior Change Interventions are preferred because of the low risk of negative side effects and the high priority placed on behavior change rather than behavior control. These interventions may be used without the development of a written Behavioral Management Plan or inclusion in the student's Individual Education Program (IEP).

Behavior Control Interventions

Behavior Control Interventions are used when Behavior Change Interventions are not successful in controlling extreme behavior. Behavior Control Interventions should adhere to professionally accepted treatment practices. These interventions should only be used when the IEP team has developed a Behavioral Management Plan and included in the student's IEP.

Emergency Behavior Control Interventions

Emergency Behavior Control Interventions are used when there is an emergency situation in which immediate intervention is needed that is not outlined in the student's Behavior Management Plan. When it is necessary to use such interventions the parent/guardian will be contacted as soon as possible.

Discipline Procedures for Students with Disabilities

Students with disabilities may be suspended and educational services temporarily ceased for up to ten (10) consecutive or ten (10) cumulative school days in one school year. Providing special education procedural safeguards are also temporarily ceased during this suspension period. If a student with a disability is referred for suspension, expulsion, or to an alternative education program for a period that exceeds ten (10) cumulative school days, the following procedures should be put in place:

- An IEP meeting must take place within ten (10) days of the date that the infraction occurred.
- Notification of the parent/guardian or educational surrogate in writing and by phone (if possible) of the disciplinary action being considered and the date of the IEP meeting.
- At the IEP meeting it will be determined if the act of misconduct is related to the disability. It will be necessary to review the student's current IEP and placement, social, psychological and health assessments, evaluation results, parental information and observing the student in the educational setting.

STUDENT CONDUCT

Corporal Punishment

Corporal punishment is not permitted. Corporal punishment includes slapping, paddling, or prolonged maintenance of students in physically painful positions and the intentional infliction of bodily harm.

Dress Code and Cleanliness (Refer to Building Dress Code)

Students and their parents have the right to determine school attire as long as the dress and appearance of students complies with individual building expectations and health or safety regulations and does not interfere with the educational process. No revealing clothing (bare midriffs, low-cut shirts, etc.) will be allowed. Pants must be worn on the waist and have no holes above the knees. No chain attachments to clothing. Any writing on clothing must be school-appropriate (no criminal, sexual, drug/alcohol/tobacco-related slogans, etc.) No visible body piercing, other than ears (girls only). Boys cannot wear earrings. No body-piercing coverings or band-aids are allowed.

Any student who comes to school without proper attention to personal cleanliness or appropriate dress may be removed from class or sent home to be properly prepared for school. Such cases may be reported to a District social worker or nurse and DCFS.

Gangs, Gang Activities

Participation in gang related activities is prohibited. A gang shall be defined as "any group of two or more individuals engaged in anti-social behavior". Specific gang activities include recruiting and displaying gang signs. Other gang behaviors may include but are not limited to: fighting, intimidation (verbal or physical, threats, bullying), gang identifiers (drawings, jewelry, clothing, tattoos, slashed eyebrows, etc.), threats, possession of a weapon or potentially dangerous object, vandalism, extortion, and other activities that the administration feels would adversely affect the safety and well-being of students and staff or would otherwise be detrimental to the education process.

Students violating this policy are subject to suspension or expulsion. Legal authorities will be notified when appropriate.

Bullying

Bullying will not be tolerated. Bullying shall include any intentional gesture, written, verbal, or physical threat severe enough to create an abusive atmosphere in the learning environment. This includes electronic threats made through blogs, cell phones, pagers, email, instant messaging, text messaging, online games, or through websites or social networking sites. Consequences may include suspension from school and/or an expulsion hearing referral, depending on the frequency and severity of the incident.

Sexual Harassment

Sexual harassment of students is prohibited. Any person, including a District employee, agent, third party, or student engages in sexual harassment whenever he/she does any of the following, but not limited to: makes sexual advances, requests sexual favors, and engages in other verbal or physical conduct of a sexual or sex-based nature that interferes with a student's educational environment, or creates an intimidating, hostile, or offensive education environment.

Students who believe that they are victims of sexual harassment or have witnessed sexual

harassment, are encouraged to, and should, discuss the matter with the principal, assistant principal or academic advisor so that the District can investigate the allegation of harassment and, if appropriate, take responsive measures.

Students who make good faith complaints will not be disciplined. However, any person making a knowingly false accusation regarding sexual harassment will be subject to disciplinary action up to and including suspension and expulsion.

Conduct on School Buses

Students shall abide by the general school rules regarding conduct on school property. In cases of gross disobedience or misconduct, a student's privilege to ride the bus may be suspended and/or denied. During the period of suspension, it is the responsibility of the parent or guardian to transport the student to school.

The Board of School Inspectors/Superintendent reserve the right to install and operate video cameras on school buses as they deem appropriate. Evidence gathered by the use of a video camera and/or its auditory recording equipment may be used in student disciplinary investigations and/or any pertinent criminal investigations.

Electronic Devices

Using or possessing radios, IPODS, "Walkman", CD/tape players, MP3 Players, electronic games, and other electronic devices in school or on school grounds is prohibited.

All cell phones, camera phones, and pagers must be kept powered off and out of sight during the regular school day unless: a) the supervising teacher grants permission; b) the use of the device is provided in a student's IEP; or c) it is needed in an emergency that threatens the safety of students, staff, or other individuals. Any electronic devices under this provision may be confiscated and released to the parent or guardian.

Property Damage/Vandalism

Any student guilty of vandalism on school grounds shall be subject to suspension and possible expulsion warning or expulsion hearing. Parents may be required to pay for any damage. Police will be notified when appropriate.

A student's parent or legal guardian can be held accountable for damages caused by the student. The Illinois Parental Responsibility Act provides that:

The parent or legal guardian of a minor who resides with the parent or legal guardian is liable for actual damages for the willful or malicious acts of the minor which cause injury to a person or property.

The Act allows the School District to recover up to \$1000.00.

Alcohol, Illegal Drugs, Look-Alike Drugs, or Flammable Materials

The possession, use or distribution of any alcohol, illegal drug or look-alike drug, or flammable material is prohibited on school grounds, in school buildings, at school sponsored activities or on school buses. Search and Seizure

When there are reasonable grounds for suspecting that a student may be violating either the law or a school rule, school authorities may search the student or his personal belongings (lockers, purses, wallets, book bags, lunch boxes, etc). If a search produces evidence of a serious nature

such as weapons, drugs, stolen property, etc., such evidence may be seized by school authorities and disciplinary action taken. Parents will be notified as soon as possible. When appropriate, such evidence may be transferred to law enforcement authorities for appropriate action.

Law Enforcement Authorities

When law enforcement authorities find it necessary to question students during the school day, the school principal or his/her designee will be present when possible. An effort will be made to contact the parent or guardian of the student to notify them of the situation. If custody and/or arrest are involved, the principal will request that all procedural safeguards, as prescribed by law, be observed by the law enforcement authorities.

Juvenile Court Referrals

All referrals to juvenile court shall be initiated by the building principal.

Electronic Network Access/Internet and Technology Acceptable Use

More and more, educators and community members understand that technology can bring us all together. Joliet Public Schools District 86 is helping students, parents and staff realizes the full power of technology to communicate effectively and responsibly.

It is expected that all students will appropriately use the available technology and Internet. Parents are encouraged to carefully read the District's Authorization for Electronic Network Access Form and are required to have a signed copy on file at your child's school before any school age student is permitted access to the Internet. Student use of technology is meant to enhance the instructional program. Use of personal or District technology to harass, bully, threaten, or intimidate students or staff will not be tolerated. Inappropriate use of the Internet or the District's technology will result in immediate suspension/termination of access and possible disciplinary consequence.

ATTENDANCE, RESIDENCY REQUIREMENTS, REGISTRATION, HEALTH EXAMINATIONS, IMMUNIZATIONS, DENTAL EXAMINATIONS, AND TRANSFER OF STUDENTS

Absence and Tardiness

The primary responsibility for student attendance rests with a student's parent(s) or guardian(s). When a student misses school, they miss learning. Absence from school is not conducive to the mission of the School District or to the education of the student and is not excused except in the case of personal illness, death in the immediate family, observance of a religious holiday or family emergency.

Students are expected to give a satisfactory reason to the school from the parent for any absence or tardiness. A call by the parent or guardian is required on the first day and each subsequent day of absence or tardiness. A written excuse may also be required by individual schools.

Parents are strongly encouraged to avoid creating circumstances that may cause a prolonged absence for their child during the school year while school is in session. Prolonged absences due to travel or any other reason tend to be contrary to the educational welfare of the child.

Notification of Parents/Guardian of Absence

Each school is required to notify parents/guardian of student absences when the school has not been advised of such absence. Parents must be notified within two (2) hours following the start of classes.

Parents must provide and maintain at least one valid, current telephone number where the parent or other responsible adult can be reached in the event of an emergency.

Truancy

State law requires that all children between the ages of 7 and 17 attend school when it is in session. A truant is defined as a child subject to compulsory school attendance law who is absent from school for a school day or portion thereof without valid cause. Any student who is absent from school without valid cause such as illness or other emergencies shall be reported to the Attendance Caseworker for immediate action.

Residency Requirements

All school age children whose custodial parent or legal guardian lives within the boundaries of District 86 are eligible to attend the Joliet Public Schools. The residence of a person who has legal custody of a student is deemed to be the residence of the student. State statutes define "legal custody" as follows:

1. Custody exercised by a natural or adoptive parent with whom the pupil resides.
2. Custody granted by order of a court of competent jurisdiction to a person with whom the pupil resides for reasons other than to have access to the district's educational programs.
3. Custody exercised under statutory short-term guardianship, provided that within 60 days of the pupil's enrollment a court order is entered that establishes permanent guardianship and grants custody for purposes other than to have access to the district's educational programs.
4. Custody exercised by an adult caretaker relative who is receiving Illinois Public Aid for the student residing with the caretaker for purposes other than access to the district's educational programs.
5. Custody exercised by an adult who demonstrates that he or she has assumed and exercises legal responsibility for the student and provides the student with a regular, fixed, night-time abode for purposes other than access to the district's educational programs.

Students placed by DCFS in the home of a temporary guardian or custodian or other type of child care facility shall not be charged tuition by the former school district if DCFS determines it to be in the child's best interest to maintain attendance in the former district.

Unless an approved transfer has been obtained through the Department of Curriculum and Instruction, all students are required to attend the school in the attendance area in which the parent or legal guardian resides.

When registering a student in a school, the parent or guardian will be required to submit proof of residency by presenting any three (3) items from the following list:

1. Valid driver's license
2. Utility bill receipt
3. Rent or property tax receipt
4. Voter registration card
5. Bank Statement
6. Monthly statement from credit card
7. Lease or rental agreement
8. Automobile insurance identification
9. Home owners/renters insurance
10. Document indicating intent to purchase a home

Registration of New Students

All new students enrolling in a District 86 school must be accompanied by a parent or legal guardian. A new student is a child who is entering District 86 for the first time or who has not attended a District 86 school for one year or more. At the time of registration the parent/guardian must provide the student's original birth certificate, social security card (if available), and three proofs of residency. Also the child must have had a physical within a year prior to the start of school and have up-to-date immunizations. To be eligible for kindergarten a child must be five years old on or before September 1 of that school year.

Registration of Homeless Children

A homeless child is one who lacks a "fixed, regular and adequate nighttime place of abode." In general, children or youth living in welfare hotels, transitional housing, shelters, the streets, cars, abandoned buildings, and other inadequate accommodations are considered homeless. This includes the following groups:

- Children in Shelters
- Doubled-up Children (living with another family due to lack of a permanent residence)
- Migratory Children (if accommodations are not fit for habitation)
- Runaways (children who have run away from home and live in a shelter or inadequate accommodations, even if parents are willing to provide a home)
- Throwaways (children whose parents or guardians will not permit them to live at home)

The Education for Homeless Children and Youth program, as part of the McKinney-Vento Act ensures homeless children the following rights:

- A free, appropriate public education
- Immediate Enrollment – the right to be enrolled immediately in school, without medical or academic records, regardless of district policy.
- Choice of Schools – The homeless child has three choices:
 - School of Origin – the school the child last attended
 - School of Origin – the school the child attended when he/she became homeless
 - The school closest to the shelter or other temporary housing
- Transportation – Homeless children are entitled to the same rights to transportation as other children in their district. Parents or guardians should make a good faith effort to provide or arrange for transportation. Otherwise, school districts are responsible for transportation costs.
- Services – Homeless children are entitled to the same services, such as tutoring, that are available to other children in their districts.
- A priority to preschool programs

Health Examinations, Immunizations and Dental Examinations

All students are required to be in complete compliance with all health requirements by the first day of school. Children will not be allowed to attend school if they do not have the appropriate documentation available when they register and/or on the first day of class.

Health Examinations

Parents of students must present proof that the student has been examined by a licensed health care provider in accordance with the following schedule:

1. Within one year before entering kindergarten.
2. Upon entering the sixth and ninth grades
3. Whenever a student first enrolls within the district, regardless of the student's grade level.

Immunizations

At the same time the student presents proof of the required health examinations, the student must also show proof of immunity against:

1. Diphtheria
2. Pertussis
3. Tetanus
4. Poliomyelitis
5. Measles
6. Rubella
7. Mumps
8. Hepatitis B (Series of 3 shots)

9. Haemophilus Influenzae Type B Preschool requirement only. One or more doses. Last dose must be after 15 months of age.
10. The State of Illinois requires all children entering kindergarten, pre-school, licensed day care or federally funded Head Start centers to receive a vaccination against chickenpox (Varicella) or to provide proof of having had the disease.

District nurses will review all medical records. If there is any information that is found to be missing, your child will be excluded from school that day. Your child will not be allowed to return to school until all records are complete.

Dental Examinations

Before May 15th of the school year, each child in Kindergarten, second grade and sixth grade must present to the school, proof of having been examined by a dentist in accordance with section 27-8.1(1.5) of the school code. The examination must have taken place within 18 months prior to May 15 of the school year.

If a child in the Kindergarten, second or sixth grade fails to present proof of having been examined by a dentist by May 15, the school may hold the child's report card until one of the following occurs:

1. The child presents proof of a completed dental examination.
2. The child presents proof that a dental examination will take place within 60 days after May 15th. A written statement or appointment card prepared by a dentist, dental hygienist, or their designee and signed by the child's parent or guardian, indicating the name of the child and the date and time of the scheduled dental examination, constitutes proof that a dental examination will take place; or
3. The Child presents a Dental Examination Waiver Form, in accordance with Section 665.450 of the School Code.

Student Transfers

Students may be transferred from one school to another for the following reasons:

1. Improve racial balance
2. Relieve overcrowding
3. Redistribute students within attendance areas
4. Medical problems of students
5. Provide for the programmatic needs of students
6. When in the judgment of the Superintendent or designee transfer is in the best interest of the student

Parents may request a transfer for the following:

1. **To improve racial balance.** When a student qualifies for a majority-to-minority transfer, that is, when the child would be moving from a school where he/she is in the racial majority to one in which he/she would be in the racial minority.

2. **Medical**. When the mental or physical health of a student is at risk. For example, when a student has a cardiac condition and needs a school with no stairs to climb. Student's condition must be certified by a physician and confirmed by a District nurse.
3. **Programmatic**. When the curriculum in the assigned school does not meet the needs of the student. For example, a student who needs Special Education may be transferred to a school that has a program that is not available in the assigned school.
4. **Change of residency during a given school year**. When the residence of the student and parent changes during the school year to another attendance area parents may request permission to remain in the assigned school for the balance of the year. Parents will be responsible for transportation, if needed. Student's attendance must be regular and punctual.
5. **Transfer due to change of residence**. If a student and parent change residence and move into the attendance area of another school, the child may be transferred to the new school. Prior to moving into the new residence, or as soon as possible afterwards, the principal or staff of the school in which the student is currently enrolled should be notified. Arrangements will be made to send the students' records to the new school as soon as possible in order to minimize any delay in having the student assigned to the correct classroom program.

All transfer requests must be submitted to the Department of Curriculum and Instruction by the parent or guardian whereupon the request will be subject to approval when appropriate.

All transfer approvals terminate at the end of each school year and may also be rescinded when the conditions for which the transfer was approved no longer pertain.

The approval of all transfers regardless of reason will be determined by the availability of space.

State Transfer Form

In accordance with Section 2-3.13a of the School Code, all public school districts are to provide form ISBE 33-78 (9/05) to any student who is moving out of the school district to verify whether or not the student is "In Good Standing" and, whether or not their medical records are up-to-date and complete as defined in Section 2-3.13a. "In Good Standing" means that the student is not being disciplined by an out-of-school suspension or expulsion, and is entitled to attend classes, as of the date of the form. No public school district is required to admit a new student unless they can produce this form from the student's previous Illinois public school district.

STUDENT WELFARE

Child Custody

The school district recognizes that issues related to the legal and physical custody of students are complicated and can impact the student's educational experience. Parents and legal guardians of students are strongly encouraged to stay involved with their student's academic progress. Unless a court order decrees otherwise, either parent or a legal guardian may view education records and

attend school functions or school meetings regarding the student. Official notices and report cards will be sent to the parent or legal guardian with primary physical custody of the student during the school year. It is the responsibility of the parent or legal custodian with primary physical custody to provide current copies of court orders to the school. Child visitation and exchange of custody should not take place during school hours or on school property. The school district will assume no responsibility for enforcing visitation or custody orders and reserves the right to prohibit parents or legal guardians from entering school board property if their conduct becomes disruptive to the school environment. Concerns regarding custody and visitation should be directed to the school principal.

Child Abuse and Neglect

The laws of the State make it clear that school districts must report all suspected cases of child abuse or neglect. The School Board accepts its responsibility of supporting community and statewide efforts to protect children from abusive or neglectful relationships with parents or other persons. District personnel, as mandated reporters, are responsible for:

1. Reporting all properly identified and documented cases of neglect and/or abuse to appropriate state or local authorities.
2. Protecting the privacy rights of students and parents regarding records in such cases.

Visitation of School Buildings, Classes

All persons entering a school building are required by state law to provide, upon request by school employees, proper identification and state their reasons for being on school premises. Persons, upon entering a school building, must first report to the principal's office to state their business and receive permission to see teachers or visit classrooms. Disruptions to the orderly operation of the school will not be tolerated. Persons disregarding the appropriate behavior for school visitation will be asked to leave and/or will be reported to the police for action.

Persons desiring to meet with teachers or to visit classrooms are required to contact school personnel in advance to make arrangements for such meetings or visitations.

No Trespass Policy

In accordance with a notice from the Will County State's Attorney's office, no one is permitted on the grounds, or in any buildings, or in any vehicles of Joliet Public Schools District 86 if you are in possession of any of the following:

- Air Rifle or Air Gun
- Air Soft Gun
- BB Gun
- Paintball Gun
- Pellet Gun
- Knife
- Dagger
- Dirk
- Razor
- Stiletto

- Look-Alike Gun of any kind that a reasonable person would believe to be a real gun regardless of the distance at which that person might see it.
- Or any other dangerous or deadly weapon or instruments of like character.

Anyone who disobeys this notice can be charged with Criminal Trespass to State-Supported Land and/or Criminal Trespass to Vehicles. Both of these offenses are Class A misdemeanors. You can be arrested. If you are convicted, you can be punished by up to one year in the Illinois Department of Corrections, Juvenile Division, and if you are 17 years of age or older, by up to 364 days in jail.

The School Visitation Rights Act 820 ILCS 147/25 (Effective July 1, 1993.)

Each school is required to notify the students' parents or guardians of their school visitation rights. Below is an abstracted version of the School Visitation Rights Act.

Sec. 5 Policy

The General Assembly of the State of Illinois finds that the basis of a strong economy is an educational system reliant upon parental involvement. The intent of this Act is to permit employed parents and guardians who are unable to meet with educators because of a work conflict the right to an allotment of time during the school year to attend necessary educational or behavioral conferences at the school their children attend.

Sec. 15 School Conference and Activity Leave

(a) An employer must grant an employee leave of up to a total of 8 hours during any school year, and no more than 4 hours of which may be taken on any given day, to attend school conferences or classroom activities related to the employee's child if the conference or classroom activities cannot be scheduled during non-work hours, however, no leave may be taken by an employee of an employer that is subject to this Act unless the employee has exhausted all accrued vacation leave, personal leave, compensatory leave and any other leave that may be granted to the employee except sick leave and disability leave. Before arranging attendance at the conference or activity, the employee shall provide the employer with a written request for leave at least 7 days in advance of the time the employee is required to utilize the visitation right. In emergency situations, no more than 24 hours notice shall be required. The employee must consult with the employer to schedule the leave so as not to disrupt unduly the operations of the employer.

(b) Nothing in this Act requires that the leave be paid.

(c) For regularly scheduled non-emergency visitations, schools shall make time available for visitation during both regular school hours and evening hours.

Verification of Attendance forms for parents are available from your child's school or from the J.F.K. Administrative Center.

Discrimination Based on Sex is Prohibited

It is the policy of the School District that no student shall be denied any educational opportunity on the basis of sex. Any student who believes that he or she has been denied an educational opportunity on the basis of his or her sex shall file a complaint with the building Principal within

ten (10) school days of the act giving rise to the complaint. Grievance procedures for a student complaint of sex discrimination shall include avenues for appealing a decision made at any level of review within specific time lines. The Principal must provide a copy of the grievance procedures at the time a complaint is filed. Any student complaining of sex discrimination in the schools is entitled to confidentiality and respect and shall not be subjected to harassment or retaliation as a result of having filed a complaint or having appealed a decision.

The Board shall designate as the Sex Equity Coordinator for the District the Assistant Superintendent for Curriculum and Instruction. The Sex Equity Coordinator shall be available to provide assistance to any student who believes he or she has been discriminated against on the basis of sex.

Student Medication (See Building Handbook)

Students are permitted to take prescribed medication at school only if the appropriate forms are signed by a doctor and are on file in the school office. Forms are available in each school office.

Waiver of Fees for Instructional Materials

The Board shall not waive any instructional material fees except under extenuating circumstances as defined by District policy and upon proper application to the Business Manager.

Fees for Instructional Materials

All students are assessed fees to cover the cost of some of the materials and supplies needed during the school year. Fees are due at the beginning of each school year:

Kindergarten (Full Day)	\$25.00
Grades 1 through 5	\$25.00
Grades 6 through 8	\$45.00

Some exceptions may occur on a school-by-school basis.

Promotion Policy

In an effort to improve student achievement, Joliet Public Schools District 86 has implemented a Promotion and Retention Policy.

Junior High School Procedures

Students in the junior high schools (grades 6, 7 and 8) are required to maintain a cumulative grade point average of 2.00 throughout the school year to maintain academic good standing. If, or when, a student falls below a 2.00 cumulative grade point average for a quarter, you will receive notification of your child's performance and the school will initiate a "Promotion Monitoring Plan." This plan will be developed to document the efforts of your child and the school to meet the necessary standards for promotion. The plan will address resources the school may provide such as modifying classroom instruction, referral to the Intervention Team or for

Special Services, Before/After School Programs, Saturday School or Summer School. The plan may also include suggestions for you to work with your child at home. Should this plan be needed, a conference will be held with you to explain the steps in detail.

Elementary Procedures

Students in our elementary schools (grades K-5) are required to meet the majority of District grade level outcomes in Language Arts and Math. When a student does not meet these outcomes you will receive notification of your child's performance and the school will initiate a "Promotion Monitoring Plan." This plan will be developed to document the efforts of the child, school, and the parent, to meet the necessary standards for promotion. The plan will address resources the school may provide such as modifying classroom instruction, referral to the Intervention Team or for Special Services. The plan will also include suggestions for you to work with your child at home. Should this plan be needed, a conference will be held with you to explain the steps in detail.

Student Photographs for Publication

Periodically, photographs may be taken of students to be used for publicity purposes. Photos may be sent to newspapers, used in District publications, yearbooks, etc. Please sign and return the Media Release Form to your child's school. New forms must be signed each year.

District 86 Student Record Policy

The Board of School Inspectors of the Joliet Public Schools District 86 operates under the policies designed to guarantee the rights of students and parents regarding Student Records. Although legal distinctions are made between permanent and temporary records, you can obtain access to all of your child's records by simply contacting the school principal.

The rights of parents and students regarding student records are as follows:

- "Student Permanent Record" means the minimum personal information necessary to a school in the education of the student and contained in a school student record. Such information includes:
 - Student's and parent's names and addresses, date of birth, place of birth, and gender
 - Grades
 - Attendance records
 - Accident reports and health record
 - Information regarding participation in school sponsored activities
 - Record of release of student permanent record information

Permanent records will be maintained for a period of sixty years following the student's graduation, transfer, or permanent withdrawal from the school. The Assistant Superintendent of Curriculum and Instruction is the records custodian for the District.

“Student Temporary Record” means all information contained in a school student record but not required to be in the student permanent record. Such information includes:

- Copy of students’ birth certificate/social security card (if available)
- Authorization for Electronic Network Access
- Custodial Forms
- Information regarding serious disciplinary infractions involving drugs, weapons, or bodily harm to another that resulted in expulsion, suspension, or the imposition of punishment.
- Home Language Survey
- Indicated Child Abuse Likely Form
- Media Release Form
- Order of Protection (a copy should also be kept in office file)
- Referral Forms
- Report Cards
- Special Education Attention Form (located in front of file)
- Student Academic Information
- Student Testing Information
- Record of release of student temporary record information

Temporary records for all students will be maintained for a minimum of five years following the student’s graduation, transfer, or permanent withdrawal from school.

Following is a list of some of the most important rights you have under state and federal laws and Board policies:

- Inspect and copy any and all information contained in the student record. There will be a small charge for copies which will be waived for those unable to afford such costs.
- Challenge the contents of the records, by notifying the principal or records custodian of an objection to information contained in the record.
- Inspect and challenge information proposed to be transferred to another school district in the event of a move to another district.
- Local, state and federal educational officials have access to student records for educational and administrative purposes without parental consent. Pursuant to a court order or a subpoena, or in connection with an emergency where the records are needed by law enforcement or medical officials to meet a threat to the health and safety of the student or other persons, records will be released without parental permission. All other releases of information require the informed, written consent of the parent or eligible student.

Three notes of interest:

1. Because District 86 and area high schools are separate school districts, an agreement has been made to transfer records to these high schools without specific parental consent except where parents request that records not be automatically forwarded.

2. Parents requesting access to student's records will be given an appointment at which time they can review the records of their child. Requests for access to student's records must be made in writing by letter or use of a form supplied by the local school.
3. All of the rights listed above remain exclusively with a student's parents until the student reaches the age of 16. From the age of 16, those rights are shared by both the parents and students. When the student reaches the age of 18, all rights regarding student's records are his or hers exclusively.

Child Safety in Returning From School

The safe return home after school of all students is an on-going concern of the District. Parent cooperation is necessary to help minimize problems that may occur in picking up students after dismissal time.

These guidelines apply to parents who (a) choose to pick up their children at the regular dismissal time and/or (b) choose to pick up their children following an after school activity which is held after regular dismissal time:

- All transportation or other arrangements must be made and explained to the student and appropriate school personnel beforehand.
- Students are expected to be picked up promptly by the parent at dismissal time or upon completion of an after school event.
- The school must be provided with a current emergency number to call in case the parent cannot be reached.

In the event a child is not picked up within a reasonable time after dismissal or an after school activity, every effort will be made to contact a responsible person to insure that the child is returned safely home. However, repeated instances of failing to pick up a child, particularly a young child, may result in a warning notice, loss of after school activity privileges and/or notification of DCFS.

Picking Up Children by Someone Other Than a Parent/Guardian

In order to assure the safety and well-being of children, parents must provide the school with current names and phone numbers of those adults who may pick their children up from school. Anyone picking up a child from school who is not currently listed on the child's registration record will not be allowed to take the child. Parents will be contacted by telephone.

Serious Accidents or Serious Illness

The school will see to it that your child is given proper medical attention to the extent that we are capable. Paramedics will be called immediately if the situation is urgent. However, school personnel can neither make medical decisions for your child nor authorize hospital staff to provide treatment. You must get to the hospital to attend to your child. Every effort will be

made to contact the parent or guardian. Therefore, it is absolutely critical, for your child's well-being, that you keep the school advised of any phone number or address change including the emergency contact numbers.

Bus/Van Traffic Accidents

In the event of a traffic accident the bus company will notify the Emergency Medical Service and the school. Parents will be notified. If medical personnel at the scene determine that students may require treatment, students will be taken to a hospital. Parents will be advised. It is essential that parents/guardians maintain a current address and telephone number, including emergency contacts.

Home Language Survey

Parents of all students entering Joliet Public Schools for the first time will be asked to complete a Home Language Survey. This survey is available in both Spanish and English. Language minority students may be referred for a placement test for the English Language Learner Program (ELL) based upon responses to the questions on the survey.

A language minority is anyone whose native language is other than English.

Vision and Hearing Screening

Joliet School District 86 provides Vision and Hearing Screenings for children, ages 3 through 8th grade.

Senate Bill – Public Act 093-0504 requires that parents are aware that screenings will occur for students as mandated by the State of Illinois, for the following students:

Vision --- Preschool, Kdg. 2nd, 8th and Special Education

Hearing --- Preschool, Kdg., 1st, 2nd, 3rd, and Special Education

Vision

Certified technicians conduct the vision screening with the goal of identifying possible vision concerns and make referrals for a follow-up diagnosis. The philosophy of the district is to identify children early who may have a possible vision problem that would require a professional eye examination. Impaired vision can seriously impact learning and can contribute to the development of emotional and behavioral problems.

Vision Examinations

Before October 15th of the school year, each child in Kindergarten must present to the school, proof of having been examined by an eye doctor (ophthalmologist or optometrist) in accordance with 77 Ill. Adm. Code 685. The examination must have taken place within one year of the first day of Kindergarten.

If a child in the Kindergarten fails to present proof of having been examined by an eye doctor by October 15, the school may hold the child's report card until one of the following occurs:

1. The child presents proof of a completed eye examination.
2. The child presents proof that an eye examination will take place within 60 days after October 15th. A written statement or appointment card prepared by an eye doctor, or their designee and signed by the child's parent or guardian, indicating the name of the child and the date and time of the scheduled eye examination, constitutes proof that an eye examination will take place; or
3. The Child presents a Dental Examination Waiver Form, in accordance with Section 685 of the School Code.

Hearing

The purpose of the hearing screening is to identify children who may have a potential hearing problem. Students who fail the screening are referred for a medical evaluation. A hearing impairment interferes with development of normal speech and communication, which can also lead to educational failure. Early detection and proper medical treatment insures a better chance of successfully correcting the hearing problem.

Referrals

Children who have failed vision or hearing on two separate occasions are referred for further medical evaluation.

Audiology Services:

The Audiology Department of the Joliet Public School District 86 provide complete diagnostic audiology services from birth to age 21. Students that are tested include:

- New Students
- Students who have failed their hearing screening tests
- Preschoolers for early intervention programs
- Students with existing or suspected hearing losses
- Students who are difficult to test

Our hearing assessments includes a cursory otoscopic exam, Tympanometry, acoustic reflexes, otoacoustic emissions, speech discrimination ability, bone and air conduction and a screening test for central auditory processing disorders. Ear molds are available at cost for personal hearing aids and for swim plugs and make ear molds for the auditory trainers/FM systems that are used in the children's classrooms. Our services also include selecting the best auditory trainer/FM for that child and their environment. Joliet 86 provides a Deaf Education Program for pre-school to high school students. Our goal is to help the children hear and function to the best of their abilities in order to receive the best education possible.

Early Childhood Screening

Joliet School District 86 offers screening and evaluations for children 0-5 years of age and for school-aged students in grades K-8. The children between the ages of 0-5 will be screened in the areas of Motor, Communication, Social Development and Personal Skills. In addition, a Speech Pathologist conducts speech screening during this time. The children will also have their hearing and vision tested by a state certified technician. After the screening is completed, the results are shared with the parents. If you suspect your child may have a disability which would require Special Services, please contact the Special Services Department 815-740-3196.

504 Plan

Refers to Section 504 of the Rehabilitation Act of 1973. Request/identification of students eligible for a 504 Plan are to be given to the Special Services Building Representative. The 504 Plan is developed for students who are identified as "having a physical or mental impairment" which "substantially affects one of the major life activities" (which are defined as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, working, or learning). Examples would include children who have asthma, diabetes, and/or ADD/ADHD. Grievances are to be directed to the Director of Special Services at 815-740-3196.

Free Appropriate Public Education (FAPE)

Public Law 94-142 Education for All Handicapped Children guarantees that all children will receive a free and appropriate public education. A program of education and other services for an eligible child that is designated to meet the child's special education needs and which allows the child to make meaningful progress in the educational setting. It is provided without charge to the parents.

Asbestos Management Plan

District 86 is required by federal law to identify and manage asbestos that may be found in building materials in a school. Our district has in place a management plan for asbestos containing building materials that provides for a re-inspection report to be filed on a three year basis. Our plan is available for your inspection. If you are interested in reviewing the information contained within the plan, please contact your building principal.

Introducción

¡Bienvenidos al Distrito 86 y al año escolar 2011/2012! Los Inspectores de la Mesa Directiva están dedicados a darles a los estudiantes un programa educativo de alta calidad. Queremos tener un ambiente seguro en el cual los maestros puedan enseñar, los estudiantes aprendan, se respeten mutuamente y sean cooperativos. Esto solamente es posible con la cooperación de los estudiantes, administración, y los padres.

Este manual explica los procedimientos disciplinarios que fueron establecidos por la Mesa Directiva. Este libreto tiene los derechos y las responsabilidades de los estudiantes, los padres, los maestros y los administradores. Además de eso, tiene los niveles de mal comportamiento y las consecuencias por las infracciones cometidas por los estudiantes. También hemos incluido información sobre el bienestar del estudiante y los procedimientos que protegen sus derechos.

Por favor, lean este manual con su hijo. Es importante que los padres y sus hijos estén enterados de lo que el Distrito espera de los estudiantes y que se den cuenta de las consecuencias por no obedecer las reglas. Queremos tener un ambiente seguro en el cual los estudiantes puedan aprender, y crecer. Gracias por su apoyo.

POSICIÓN PRO ACTIVA PARA LA DISCIPLINA DE LOS ESTUDIANTES

Las Escuelas Públicas de Joliet del Distrito 86 y de la Mesa Directiva creen que cada estudiante tiene derecho a un ambiente educativo que sea seguro y ordenado y que los esfuerzos disciplinarios de todos los empleados del Distrito sean para ayudar a todos los estudiantes a desarrollar actitudes responsables y un buen comportamiento. Cuando los derechos de otros no son respetados, o se interrumpen la clase, o se cometen actos ilegales, las reglas de la escuela dicen que hay ciertas consecuencias que deben ser implementadas inmediatamente. Para comunicar las reglas disciplinarias, las escuelas públicas de Joliet Distrito 86 han establecido actos de mala conducta y consecuencias para la violación de estas infracciones.

La mesa directiva de las Escuelas Públicas de Joliet o sus designados tienen el derecho de administrar los castigos disciplinarios cuando sea un caso serio. Todas las Escuelas Primarias y

Secundarias dentro de las Escuelas Públicas del Distrito de Joliet tendrán un plan disciplinario para la escuela y todos los salones. Estos planes disciplinarios deben ser planeados teniendo en cuenta la diversidad cultural en la escuela y deben tener intervenciones positivas.

El distrito, la escuela, la comunidad, los padres y los estudiantes comparten la responsabilidad de la disciplina. La escuela, dando ejemplo, debe implementar los ideales democráticos de nuestra nación y deben respetar los derechos de todos. Lo siguiente da una idea de los derechos y las responsabilidades de todo el personal del distrito.

Derechos Legales del Estudiante

Todos los estudiantes tienen ciertos derechos y hay ciertos procedimientos cuando ellos están en peligro de perder su derecho de asistir a la escuela. Estos derechos incluyen una junta informal en la escuela en cual el castigo disciplinario es explicado y los padres tienen el derecho de contestarlo. Esto puede incluir el derecho a una junta con la mesa directiva o un oficial designado.

Procedimientos para Mejorar el Comportamiento de los Estudiantes con Discapacidad

Es el propósito de las Escuelas Públicas de Joliet, Distrito 86, que comunique los procedimientos para mejorar el comportamiento de los estudiantes según la póliza de la mesa directiva, 7:230. Cuando se implemente o se desarrolle intervenciones para mejorar el comportamiento, todos los procedimientos serán seguidos para proteger a los derechos de los estudiantes que tienen discapacidad y sus padres, según las reglas del Acto Educacional de Estudiantes con Discapacidad (IDEA), incluyendo las noticias y el consentimiento, oportunidades de asistir a juntas y el derecho de contestar decisiones.

Si la ofensa cometida por el estudiante no es resultado de la discapacidad del estudiante, las reglas del distrito serán seguidas. Si la ofensa cometida por el estudiante es resultado de la discapacidad, se fijará en el programa del estudiante, y su plan individual. Si un estudiante que recibe servicios especiales es expulsado o inscrito en una escuela alternativa por cuarenta y cinco (45) días, el programa alternativo dará los servicios necesarios para tratar de corregir el comportamiento que causó la ofensa.

Intervenciones para el Comportamiento

El uso de intervenciones positivas para mejorar el comportamiento es parte de las metas educativas para el desarrollo personal, socio-emocional y académico del estudiante. La base de esto es que para cambiar el comportamiento de uno se usará métodos que animen a uno para mejorar su comportamiento lo más posible y es mejor hacer esto que tratar de controlar el comportamiento.

Intervenciones para Cambiar el Comportamiento

Se prefiere intervenciones que cambian el comportamiento debido que hay menos riesgos negativos y que es más importante cambiar el comportamiento que controlarlo. Estas intervenciones pueden ser implementadas sin tener un plan escrito ni inclusión en el plan individual (IEP).

Intervenciones para Controlar el Comportamiento

Se usan intervenciones para controlar el comportamiento cuando las intervenciones para cambiar el comportamiento no sirven. Las intervenciones para controlar el comportamiento deben cumplir con prácticas profesionales. Solamente deben usar estas intervenciones cuando el grupo que escribe el plan individual de uno desarrolla un plan disciplinario y lo incluye en el plan individual (IEP) del estudiante.

Intervenciones para controlar el comportamiento en caso de Emergencia

Se usan intervenciones para controlar el comportamiento en caso de emergencia cuando hay alguna emergencia en la cual se necesita intervención que no está delineada en el plan disciplinario del estudiante. Cuando sea necesario usar estas intervenciones, se comunicará la información a los padres lo más pronto posible.

Procedimientos de Disciplina para Estudiantes que Tienen una Discapacidad

Los estudiantes que tienen una discapacidad pueden ser suspendidos y los servicios educacionales suspendidos por un máximo de diez (10) días en seguida o diez (10) días acumulativos durante un año escolar. Las protecciones a los estudiantes debido a su discapacidad es suspendido durante este tiempo también. Si un estudiante es suspendido, expulsado o enviado a una escuela alternativa por más de diez (10) días acumulativos, hay que:

- Tener una junta para examinar el plan individual dentro de los diez (10) días de la fecha de cuando la infracción ocurrió.
- Notificar a los padres/tutores por escrito y por teléfono (si es posible) de la acción disciplinaria que están considerando y la fecha de la junta del plan individual (IEP).
- Durante la junta del plan individual se determinará si la violación de la regla es relacionada a la discapacidad que tiene el estudiante. Será necesario examinar el plan individual, sus clases, el análisis psicológico y físico, resultados de las evaluaciones, información de los padres y observaciones del estudiante en sus clases.

La condición del estudiante debe ser certificada por un doctor y confirmada por la enfermera del Distrito.
3. **Programas Necesarios.** Cuando los estudios de la escuela en donde el estudiante es asignado no tiene el programa necesario para el estudiante. Por ejemplo, el estudiante que necesita educación especial puede ser cambiado a una escuela que tiene programas que no están disponibles en la escuela en donde él asiste.
4. **Cambio de domicilio durante el año escolar.** Cuando el lugar de vivienda de los padres y el estudiante cambia durante el año escolar los padres pueden pedir permiso para quedarse en la misma escuela por el resto del año. Los padres serán responsables del transporte del alumno si es necesario. Los alumnos deben asistir con puntualidad a la escuela.
5. **Cambio de escuelas por cambio de domicilio** Si el estudiante y los padres se cambian de casa en otra área de escuela el alumno será cambiado a la escuela correspondiente. Las formas para que un estudiante cambie de una escuela a otra serán entregadas al Departamento de los Estudios e Instrucción por los padres/tutores y serán aprobadas según sea apropiada.

Todos los cambios de una escuela a otra que hayan sido aprobados se terminarán el último día del año escolar y pueden ser revocados si las condiciones en las cuales el cambio fue aprobado ya no existen.

La aprobación de todos los cambios entre escuelas será determinada por el espacio disponible en las escuelas.

Las escuelas públicas no están forzadas a aceptar a un estudiante nuevo a menos que presente esta forma de la escuela.

EL BIENESTAR DEL ESTUDIANTE

La Custodia de los Niños

El distrito reconoce que los asuntos relacionados a la custodia legal y física de los niños son complicados y pueden afectar la educación del estudiante. Es importante que los padres y los tutores legales se interesen en el progreso académico del alumno. Si no hay una orden de la corte, los padres o tutores legales pueden ver los archivos escolares del niño y pueden asistir a juntas, conferencias, o eventos de la escuela de su niño. Noticias oficiales y calificaciones serán enviadas al padre o al tutor legal que tenga la custodia durante el año escolar. Es la responsabilidad del padre o del tutor legal con la custodia de dejar en la escuela una copia de la orden de la corte, autorizando su custodia. La visitación de los niños o un intercambio de custodia no deben ocurrir durante la escuela ni en la propiedad de la escuela. El distrito no será responsable de imponer las órdenes de visitas y prohibirá la entrada del padre o tutor legal que cause problemas o interrumpa el ambiente escolar. Hable con el director de la escuela si tiene preguntas acerca de la custodia de los niños o la visitación.

Abuso y Negligencia de un Niño

Las Leyes del Estado dicen que el Distrito de la escuela debe reportar todas las sospechas de casos de abuso o negligencia de un estudiante. El personal del Distrito, bajo el mandato de reportar, son responsable por:

Cualquier persona tiene que reportarse a la oficina del director para inscribirse y dar sus razones de la visita y recibir permiso para ver a los maestros o visitar los salones de clase. Interrupción del orden de la escuela no va a ser permitido. La persona que no siga las reglas tendrá que irse de la escuela inmediatamente y será reportado a la policía para que tomen acción.

Las personas que quieran tener una cita con un maestro o quieran visitar al salón de clases tendrán que comunicarse con la escuela para hacer una cita.

La intención de esta Acta es permitir que los padres/tutores que estén empleados que no puedan reunirse con los maestros por que están trabajando durante el día tengan el derecho de reunirse durante el año para poder asistir a las conferencias.

Sección 15 Conferencias de Padres y Actividad Escolares.

- (a) Un patrón tiene que darle a un empleado un permiso de ausencia por un total de 8 horas durante el año escolar. Solo 4 horas de las cuales pueden ser utilizadas en un día, para asistir a las conferencias de la escuela o las actividades de salón de clases relacionadas con su hijo.

Esto es en caso de que la conferencia o actividad no se pueda hacer durante las horas que no se trabaja. Esta Acta solo se puede utilizar si el empleado ya ha utilizado todas sus vacaciones, permiso de ausencia personal, o ausencia compensatoria u otra clase de ausencia, excepto días de enfermedad o invalidez. El empleado tendrá que pedir permiso por escrito 3 días antes de la actividad en la escuela. En situaciones de emergencia, no más de 24 horas de aviso serán requerido. El empleado debe consultar con su supervisor para no interrumpir la operación de la compañía.

- (b) Nada en esta Acta dice que la ausencia sea pagada.
- (c) La escuela debe proporcionar horas de visita durante el día y la noche en casos que no sean de emergencia.

Formas de verificación que asistió a la conferencia/evento estarán disponibles en la escuela o en la oficina de JFK.

Discriminación Basada en el Género de la Persona es Prohibida

Es la Regla del Distrito que a ningún estudiante le puede ser negada la oportunidad de aprender por su género. Cualquier estudiante que crea que ha sido negado una educación u oportunidad basada en su sexo puede reclamar con el director de la escuela dentro diez (10) días después del incidente de discriminación. El procedimiento de la reclamación para el estudiante de discriminación de sexo debe incluir la oportunidad de apelar la decisión hecha a cualquier nivel para revisarla dentro de un tiempo específico. El director debe de darle una copia de la reclamación y los procedimientos cuando usted haga el reporte. Cualquier estudiante que tenga un reclamo de discriminación en la escuela, tiene el derecho a su confidencialidad y respeto y no debe ser sujeto a que lo molesten por haber reclamado o apelado esta decisión.

La Mesa Directiva designará al Asistente del Superintendente de Estudios e Instrucción como Coordinador que asegurará que a pesar de la raza de los estudiantes, ellos pueden estar seguros que van a ser tratados iguales. El Coordinador estará dispuesto a proveer asistencia a cualquier estudiante que crea que él/ella ha sido discriminado debido a su sexo.

Medicamentos para el Estudiante (Vea el Manual de la Escuela)

A los estudiantes se les permite tomar medicamentos en la escuela solo si las formas apropiadas son firmadas por un doctor y son archivadas en la oficina de la escuela. Las formas son adquiridas en la oficina de la escuela.

Ayuda para Pagar los Materiales de Instrucción

La Mesa Directiva espera recibir pagos por materiales de instrucción excepto cuando existen circunstancias extensas como es definido por el Distrito y tendrán que llenar una aplicación con el Director de Finanzas.

Costo de Materiales de Instrucción

Todos los estudiantes tienen que pagar por los materiales y útiles necesarios durante el año escolar. Estos cargos son requeridos al comenzar el año escolar:

Kínder	\$25.00
Grados 1 al 5	\$25.00
Grados 6 al 8	\$45.00

Algunas excepciones pueden existir entre una escuela a otra.

Requerimientos para Promoción (Graduación)

En un esfuerzo para mejorar la educación de cada estudiante, el Distrito 86 de las Escuelas Públicas de Joliet ha implementado un programa de Promoción y Retención.

Procedimientos en la Escuela Secundaria

Estudiantes en la escuela Secundaria (grados 6, 7, y 8) tienen que mantener un grado acumulativo de 2.00 durante el año escolar. Si, un estudiante tiene menos de 2.00 durante un trimestre, los padres serán notificados y la escuela iniciará un “Plan de Promoción”. Este plan va a ser desarrollado para documentar los esfuerzos de su hijo(a) y así llegar a lograr las metas de Promoción. El plan incluirá los recursos que la escuela puede dar, tales como modificar la instrucción en el salón de clases, recomendar intervención o educación especial, inscribirlo en programas de antes/después de la escuela, escuela de sábado o la escuela de verano. El plan también puede incluir sugerencias para que usted trabaje con su niño en la casa. Si este plan es necesario, una conferencia se llevará a cabo con usted para explicarle los procedimientos.

Procedimientos en la Escuela Elementaría

Estudiantes en las escuelas Elementarías (grados K- 5) están obligados a mantener el Nivel Apropiado en Lenguaje y en las Matemáticas. Cuando un estudiante no tiene estos requisitos, los padres serán notificados y la escuela iniciará un “Plan de Promoción.” Este plan será desarrollado y documentara los avances de su niño, la escuela, los padres, para que logre las metas de Promoción. Este plan puede incluir diferentes métodos de instrucción en la clase, ejemplo referirlo a un Equipo de Intervención, o Servicios Especiales. El plan también puede incluir sugerencias para que Usted trabaje con su hijo en la casa. Si este plan es necesario, una conferencia se lleva a cabo con Usted para explicarle los procedimientos.

Fotografía del Estudiante para Publicación

De vez en cuando, fotografías pueden ser tomadas de los estudiantes para publicidad. Estas fotos o videos pueden ser distribuidos a los periódicos, utilizados en publicaciones del Distrito, utilizadas en el libro anual de la escuela, etc. Por favor firme y devuelva la forma “Permiso para Medios de Comunicación”. Tendrán que firmar una forma nueva cada año.

El Archivo del Estudiante

La Mesa Directiva y los Inspectores del Distrito 86 de las Escuelas Públicas de Joliet funcionan bajo las Leyes diseñadas a garantizar los derechos de los estudiantes y padres en cuanto al Archivo del Estudiante. Aunque hay distinciones legales entre el Archivo Permanente y el Archivo Temporal del estudiante, Usted tiene derecho a revisar toda la información contenida en el archivo, solamente tiene que ponerse en contacto con el director de la escuela.

Los derechos de los padres y estudiantes sobre la información en su Archivo son los siguientes:

“**Archivo Permanente del Estudiante**” significa toda la información personal que es necesaria a la escuela y guardada en el Archivo Permanente del Estudiante. Como la siguiente información:

- ✓ Los nombres de los alumnos y, padres, direcciones, fecha de nacimiento, lugar donde nacieron, y género
- ✓ Calificaciones
- ✓ Archivos de asistencia
- ✓ Reportes médicos y de accidentes
- ✓ Información de las actividades en la cuales participó
- ✓ Archivo de cuando la información ha sido revisada o mandada a otra persona/distrito

Los Archivos Permanente de todos los estudiantes serán archivados por sesenta años después de que se gradúen, sean cambiados de una escuela a otra, o dejen de asistir a nuestras escuelas permanentemente. La Asistente del Superintendente de Estudios e Instrucción es el encargado de mantener los archivos del Distrito.

“**Archivo Temporal del Estudiante**” se refiere a toda la información contenida en el archivo pero que no es requerida en el Archivo Permanente del Estudiante. Como la siguiente información:

- ✓ Copia del acta de nacimiento/carta de seguro social (si es disponible)
- ✓ Autorización para el uso del Internet
- ✓ Información de tutela
- ✓ Encuesta del Idioma del Hogar
- ✓ Información indicando posible abuso del niño
- ✓ Información dando permiso para la publicación de fotos
- ✓ Orden de Protección (Una copia debe ser guardada en un archivo de la oficina también)
- ✓ Información disciplinaria
- ✓ Calificaciones
- ✓ Reportes del Departamento de Educación Especial
- ✓ Información académica
- ✓ Los resultados de exámenes
- ✓ Archivo de cuando la información ha sido revisada o mandada a otra persona/distrito

Los Archivos Temporales de todos los estudiantes serán archivados por cinco años después de que se gradúen, sean transferidos, o dejen de asistir a nuestras escuelas permanentemente.

La siguiente es una lista de los derechos más importantes que usted tiene bajo las Leyes Estatales y Federales y la Mesa Directiva del Distrito 86:

- A. Inspeccionar y copiar toda la información contenida en el archivo del estudiante. Habrá un pequeño costo por las copias que será anulado para aquellos que no puedan pagar tales gastos.
- B. Desafiar el contenido del archivo, notificando al principal o encargado del los archivos de la objeción a la información contenida en el archivo.
- C. Inspeccionar y hacer preguntas acerca de la información que va a ser transferida a otro distrito escolar en caso que se mude a otro distrito.
- D. Educadores Locales, del Estado y Federal tienen acceso al archivo del estudiante para propósitos educativos y administrativos sin que pidan permiso a los padres. Siguiendo a una orden de corte o citación, o en caso de una emergencia donde los archivos sean necesarios para hacer cumplir la ley, por razones médicas o que el estudiante u otras personas estén en peligro, los archivos serán dados sin permiso de los padres. Cualquier otra persona que quiera revisar el archivo tiene que obtener permiso por escrito de los padres o el estudiante si es de edad.

Tres notas de interés:

- A. Debido a que El Distrito 86 y las escuelas Secundarias del área son Distritos separados, hay un acuerdo en el cual el Distrito 86 transfiere los Archivos de los Estudiantes sin el consentimiento de los padres, excepto cuando los padres piden que no sean enviados automáticamente.
- B. A los padres que quieran revisar el archivo de su hijo se les dará una cita para revisarlo. Para pedir una cita por favor escribanos una carta o utilice la forma en la escuela.
- C. Todos los derechos son exclusivos para los padres hasta que el estudiante cumpla la edad de 16 años. Cuando el estudiante cumpla los 16 años, estos derechos son compartidos por los padres y el estudiante. Cuando el estudiante cumpla los 18 años, todos los derechos del archivo serán exclusivamente del estudiante.

La Seguridad del Niño(a) al Regresar de la Escuela

El regreso a casa después de la escuela de todos los estudiantes es una preocupación del distrito. La cooperación de los padres es necesaria para prevenir los problemas que puedan ocurrir cuando estén recogiendo a sus hijo/a después de la escuela.

Estas reglas aplican cuando usted recoja a su niño/a después de la escuela o cuando recoja a su niño/a después de una actividad de la escuela:

- 1) Todos los acuerdos de transporte deben ser explicados al estudiante y al personal apropiado de la escuela antes de recoger al estudiante.
- 2) Los padres tienen que recoger a los estudiantes a tiempo cuando se termine la escuela o el programa/evento después de la escuela.
- 3) Los padres tienen que dar a la escuela un número de teléfono de emergencia en caso de que los padres no se encuentren.

En caso de que el niño no sea recogido después de un tiempo razonable después de la escuela o después de una actividad, se hará todo lo posible para llamar a una persona responsable y así asegurar que el estudiante llegue a casa seguro. Pero si se repiten estos casos de que el niño no es recogido, particularmente un niño pequeño, puede resultar en que le llegue una noticia formal avisándole que no puede asistir a la actividad y que vamos a notificar a DCFS.

Recoger al Estudiante por una Persona que no sea sus Padres/Tutores

Para asegurar el bienestar y la seguridad de todos los niños, los padres deben proporcionar a la escuela nombres y números de teléfonos de los adultos que puedan recoger a los niños en la escuela. Cuando una persona venga a recoger a un niño a la escuela y no esté en la lista de registros para recoger al niño, **NO SE PERMITIRA QUE SE LLEVE AL NIÑO**. Los padres serán llamados por teléfono.

Accidentes o Enfermedades Serias

La escuela se encargara de que el estudiante reciba la atención médica necesaria. Los paramédicos serán llamados inmediatamente si la situación es urgente. **El personal de la escuela no puede hacer decisiones médicas o autorizar tratamientos médicos para su hijo/a.** Usted debe ir al hospital lo más pronto posible para atender a su hijo. Se hará todo lo posible para avisar a los padres/tutores. **ES SUMAMENTE IMPORTANTE, POR EL BIENESTAR DE SU HIJO QUE USTED NOS MANTENGA INFORMADO DE SU DIRECCIÓN Y NÚMERO DE TELÉFONO O CAMBIO DE DIRECCIÓN INCLUYENDO CONTACTOS DE EMERGENCIA.**

Accidentes de Autobús/Camioneta

En caso de un accidente, la compañía del autobús notificará a la escuela y al personal de servicios de emergencia médica. Los padres serán notificados. Si el personal de la escuela determina que el estudiante requiere atención médica, el estudiante será transportado al hospital. Los padres serán notificados. **ES IMPORTANTE QUE LOS PADRES/TUTORES MANTENGAN A LA ESCUELA INFORMADA DE SU DIRECCIÓN Y NÚMERO DE TELÉFONO INCLUYENDO CONTACTOS DE EMERGENCIA.**

Encuesta del Idioma en el Hogar

Todos los padres de estudiantes que entren a las escuelas públicas de Joliet por primera vez se les pedirán que llenen un cuestionario acerca del idioma en el hogar. Este cuestionario está disponible en inglés o en español. Los estudiantes que su primera lengua no sea Ingles pueden ser referidos a tomar un examen para ver si califican al programa English Language Learner (ELL) basado en las respuestas del examen.

Exámenes de Vista y Oído

Las escuelas públicas de Joliet Distrito 86, ofrecen exámenes de vista y oído a los niños de 3 años hasta el octavo grado.

Acta del Senado- Acta Pública 093-0504 requiere que los padres estén conscientes que los exámenes son obligatorios por el estado de Illinois y serán administrados a los siguientes estudiantes:

Examen de Vista - Preescolar, Kínder, 2nd, 8th, y Educación Especial
Examen del Oído - Preescolar, Kínder, 1st, 2nd, 3rd, y Educación Especial

Vista

Técnicos certificados hacen los exámenes con el motivo de identificar problemas de la vista o el oído y referirlos a otro examen. La filosofía del distrito es identificar a los niños a una edad joven para ver si tienen un problema de los ojos, para que un profesional lo examine. Problemas de la vista puede afectar el aprendizaje y causar problemas emocionales y disciplinarios.

Examen de la Vista

Antes del 15 de octubre del año escolar, cada estudiante que va a entrar al Kínder tiene que presentar documentos comprobando una examinación del oculista, de acuerdo con 77Ill. Adm. Código 685. Es necesario tener el examen no más de un año antes del primer día de entrar a Kínder.

Si un niño de Kínder no presenta prueba del examen de vista antes del 15 de octubre, la escuela puede detener las calificaciones hasta que:

1. El niño presente prueba del examen de vista
2. El niño presente prueba de que tenga una cita con el oculista dentro de 60 días después del Octubre 15. La prueba tiene que ser por escrito o una carta de cita del oculista, firmado por el oculista y los padres del niño, indicando el nombre del niño, la fecha y la hora de la cita : o
3. El niño presenta un documento renunciando la necesidad del examen, de acuerdo con Sección 685 del Código Escolar

El Oído

El examen del oído es para identificar a los niños que pudieran tener un problema del oído. Los niños que no pasan el examen son recomendados a un medico. Un problema auditivo interfiere con el desarrollo del hablar y comunicación, el cual puede interrumpir el aprendizaje. Esto se puede prevenir si los niños son examinados a tiempo para corregir el problema.

Recomendaciones

Los niños que no pasen el examen de vista u oído más de dos veces son referidos a un doctor para que reciba una evaluación médica.

Los Servicios de Audiología

El Departamento de Audiología de las escuelas públicas de Joliet Distrito 86 ofrece evaluaciones de audición desde el nacimiento hasta los 21 años. Los estudiantes examinados incluyen:

- Estudiantes nuevos al distrito
- Estudiantes que no pasaron el examen de audición
- Estudiantes preescolares que necesitan un programa de intervención
- Estudiantes que son difíciles para examinar

Nuestros exámenes incluyen un examen otoscopio, timpanometría, reflejos acústicos, emisiones otacústicas, conducciones del hueso y aire, y un examen para ver cómo está el cerebro procesando el sonido. Es posible conseguir moldes para el oído al costo para el audífono. Nuestros servicios también le ayudarán a escoger el mejor audiología para su hijo.

El Distrito 86 ofrece un programa Preescolar hasta el 8 grado para sordos. Queremos que los niños oigan y funcionen para que reciban la mejor educación posible.

Evaluación Preescolar

Las escuelas públicas de Joliet Distrito 86 ofrecen evaluaciones a los niños entre 0 – 5 años de edad y a los estudiantes en los grados K-8. Los niños entre 0-5 años recibirán exámenes de movimiento, comunicación, desarrollo social y destrezas personales. Además, un patólogo evaluará su forma de hablar. Los niños recibirán una evaluación del oído y de la vista por un

técnico certificado. Después de todos los exámenes, los resultados serán compartidos con los padres. Si sospecha que su hijo tenga algún problema que requiera intervención, hable al departamento de Servicios Especiales 815-740-3196.

Plan 504

La Sección 504 del Acta de Rehabilitación de 1973. Recomendaciones/identificación de estudiantes que califiquen al Plan 504 deben ser entregados al representante de servicios especiales en la escuela donde asiste su niño. El Plan 504 es para los estudiantes que son identificados con “un problema físico o mental” que “afecta a una de las actividades principales en su vida.” (Definido como el cuidado de a uno mismo, haciendo trabajos manuales, caminando, viendo, oyendo, hablando, respirando, trabajando o aprendiendo). Ejemplos serían niños que tienen asma, diabetes, y/o ADD/ADHD. Las quejas se dirigen a la Directora de Servicios Especiales 815-740-3196.

Educación Pública Gratis (FAPE)

La Ley 94-142 Educación Para Todos los Niños Discapacitados garantiza que todos los niños recibirán una educación gratis y apropiada. Un programa educativo y otros servicios para el niño que sea elegible que está designado a que el niño progrese educacionalmente. Se proporciona sin ningún costo a los padres.

Plan de Asbestos

La Ley Federal requiere que el Distrito 86 identifique y controle el asbesto que puliera estar en las escuelas. Nuestro distrito tiene un plan que identifica los materiales que contengan asbestos y requiere que haya un reporte acerca de las inspecciones cada tres años. Nuestro plan está disponible para su inspección. Si quiere revisar la información contenida en el plan, comuníquese con el director de la escuela.
