

Joliet Storm Indoor Soccer League

Come and play the fun and exciting game of indoor soccer. Small sided (5 vs. 5) games are the best way to learn and improve your soccer skills. The games will be played in two fifteen minute halves. Teams will be formed by age and skill level which will insure player improvement and will keep the game enjoyable. The first weekend we will have a practice session and game for all players which will focus on skills and game tactics. The next 4 weeks the players will play one game every Saturday which will be coached by the Joliet Storm staff and College soccer players from the University of St Francis. If you have a young soccer player in your house this is an experience you do not want your child to miss!
