On the night before Halloween, enter Dr. Frankenstein's hospital and meet his very devoted ~~stiffs~~ staff. You never know who needs help these days, perhaps a stressed-out werewolf, a frustrated Bride of Frankenstein, toothless vampiress, somebody who feels invisible. . . oh, and then there's Steve the human.

Transylvania General is a tale of striving for goals, being different . . . and puppets. Sure to tickle your funny bone! For more fun info and pictures from last year, visit:
