Pre-K/Kindergarten

Spring Workshop (LLC 5597)

Join us for four mornings filled with learning fun! Children ages 3-5 are invited to spend time with friends at the Joliet Junior College Early Childhood Center during this workshop. This fun and friendly preschool setting will provide activities that emphasize fine motor skills through arts and crafts. Led by a highly qualified early childhood instructor, students will play games, read aloud, play music and get slimy! Youngsters will delight in creating a sampling of slimes to take home and enjoy.

TY1	9a.m.-Noon	M-R	Main
March 11-14			\$99

Grades 1-2

Simple Machines (LLC 4352)

Young engineers will be fascinated building simple machines using Lego's newest kits. Each session will encourage team building as students will work in teams to build a simple machine. A different project will be completed each day.

Feb. 21 & 28			\$64

Introduction to Veterinary Medical Technology (LLC 119)

This course is designed to explore the many opportunities available to students pursuing a degree in veterinary technology. Careers including small animal medicine, large animal medicine, research, exotics, wildlife rehabilitation and education will be overviewed. Field trips to various facilities that employ technicians are included in the course curriculum. Completion of this course will enhance the application for admittance to the veterinary technology program at Joliet Junior College. Please note, class ending time may vary due to field trip travel times. Must be 18 or older to register for this class.

T1	9:30a.m.-1:30p.m.	T	Main
April 2-30			\$495

3D Innovations Camp (LLC 5167)

What could be more fascinating than the opportunity to print a 3D masterpiece? This camp will give students the opportunity to explore the world of 3D printing. Students will be introduced to a simple 3D printing software program, learn how to search for 3D printable objects on the Internet and ultimately create a simple 3D printed project. This camp will also feature the JJC MakerLab where students will also have the opportunity to learn about additional 3D technologies, such as a laser cutter and mini milling machine.

TY1	5-7p.m.	T	Main
April 2-23			\$99

Effective July 1, 2018 - Credit Card Convenience Fee: A 1.95% non-refundable convenience fee will be assessed to all tuition/fee credit card transactions. Debit card transactions will be processed as credit card transactions, and therefore will be subject to the same 1.95% convenience fee.

**NEW!**

Exploring Culinary Arts

Explore the world of culinary arts with a Joliet Junior College culinary instructor. Exclusively designed for high school students, this series will introduce them to a variety of culinary techniques in a hands-on environment.

Exploring Culinary Arts-Breakfast Cooking (LLC 5600)

High school students will learn how to flip eggs like a professional and prepare house-made breakfast sausage in this first course of the Exploring Culinary Arts series.

TY1 4-6p.m. R City Center
Jan. 24 \$34

Exploring Culinary Arts-American Classic (LLC 5601)

House-made macaroni and cheese au gratin with roasted broccoli is the highlight of this Exploring Culinary Arts course. High school students will see how extruded pasta is made and use it to create their dish. This culinary session will wrap up with a lesson on incorporating green vegetables to complete this delicious American classic.

TY1 4-6p.m. R City Center
