Parenting Tip: Being Positive on Social Media

As your child is exposed to the rapidly increasing social media accounts that are becoming available, make sure you talk to them about what is and isn't acceptable. Try using the following tips:

1. Think about your audience. Tell your child that they should imagine that every post will be seen by you or someone that they admire. Before they send that message or comment on another post, ask if it will make them be viewed in a negative light.
2. Be positive. Encourage your child to follow the rule, "If you don't have anything nice to say, don't say anything at all." It is okay to offer encouragement and compliments.
3. "Like" the good stuff. Make sure your child understands that he/she should like positive pictures and posts. Be cautious about "liking" a post that has questionable pictures or negative words.

Consejo Para Padres: Ser Positivo En Las Redes Sociales

A medida que su hijo esté experimentando con el rápido aumento de las cuentas de redes sociales que están disponibles, asegúrese de hablar con ellos sobre lo que es aceptable y lo que no es. Intente usar los siguientes consejos:

1. Piense en su audiencia. Dígale a su hijo que debe imaginar que usted o alguien a quien admire vea todas las publicaciones. Antes de enviar ese mensaje o comentar en otra publicación, pregunte si los verá de manera negativa.
2. Sea positivo. Anime a su hijo a seguir la regla: "Si no tiene nada bueno que decir, no diga nada". Está bien ofrecer estímulo y complementos.
3. Dale "Me gusta" a lo bueno. Tenga cuidado al "gustar" una publicación que tenga imágenes cuestionables o palabras negativas. Dale "Me gusta" a lo que es positivo.
