

Joliet Public Schools District 86
Chromebook Bid
Addendum #1

Questions from potential respondents to the open Chromebook bid.

1. We recently learned that the Joliet Public School District is providing Chromebooks to students and we are curious if your team has considered a deployment of protective cases to keep those devices safe.

I came across your bid for Chromebooks and I was wondering if we can have our reseller partners include our protective case option as a value add solution?

Would Joliet be considering evaluation of our TECHprotectUS branded line of PROTECTIVE CASES for your pending Chromebook/Laptop fleet?

We are not seeking bids for Chromebook cases.

2. Will you accept quotes/responses for devices without gorilla glass?

We will consider bids with equivalent specifications to those published in the bid package.

3. Are you also accepting charging solutions within the bid? Or would need charging solutions separately from the bid?

We are only seeking individual 65w USB-C chargers for each Chromebook and we are not considering other charging solutions.

4. I don't see white glove on the BID, do you not want it this time? Or should I put it in as an extra?

We are not seeking white glove services in this bid.

5. Would the district be looking for Chromebooks with the intention of having them connected to a data plan (LTE Embedded)?

We are not seeking LTE embedded Chromebooks in this bid.
