FREE Public Service Loan Forgiveness (PSLF) webinars offered for **Public School Educators!**

Are you a public school educator? Do you have student loans? Then this webinar is for

YOU!

The **Public Service Loan Forgiveness (PSLF) program** provides loan forgiveness to borrowers after ten (10) years of service and 120 payments, including all public school teachers. For a limited time, the Biden Administration has implemented a temporary PSLF waiver, which allows more borrowers than ever to apply/enroll in the program. Even if a borrower was previously denied PSLF in the past, they may qualify now. However, this waiver is set to expire October 31, 2022.

Join the **Illinois Department of Financial and Professional Regulation** for one of our webinars to learn more about PSLF, the temporary waiver, and your next steps towards possible loan forgiveness.
